

Hi there,

My name is John from On Target Action Park here in Pemberton, and I wanted to reach out with an opportunity that could genuinely elevate your next fundraiser.

At OTAP, we believe that imagination is endless and fundraising should feel alive — not just another sale, raffle, or banquet. We have a unique outdoor property and a creative team that specializes in building unforgettable experiences. Together, we can help your school, club, team, or nonprofit raise money in a way that's fun, engaging, and totally different from the usual playbook.

Whether you want something competitive, adventurous, team-based, community-focused, or just plain exciting, we can design a custom event on our property that turns your fundraiser into a day people talk about.

Your organization brings the cause.

We bring the creativity, the space, and the experience to make it memorable.

If you'd like to explore possibilities, brainstorm ideas, or come out for a walkthrough, feel free to reply to this email or call me anytime at 609-894-4330.

Let's create something incredible together.

Respectfully,

John Malham
