featuring
Intelisense™

Model 249VAN

Benefits of a **PREFERRED SERIES VARIABLE-SPEED HEAT PUMP**

Precision Comfort

The Preferred 249V heat pump delivers true industry-defined variable-speed performance resulting in energy-efficient comfort with most two-stage thermostats.

Efficiency

Up to 19.0 SEER2 cooling and up to 10.0 HSPF2 heating efficiencies provide possible summer energy bill and winter fuel savings.

Ultra-quiet

Our Preferred 249V variable-speed heat pump cools your home quietly. It includes sound reducing components that reduce airflow and vibration to achieve sound levels as low as 57 dBA.

ENERGY STAR® on qualifying systems

You may save energy and qualify for local utility rebates where available.

Low or no-interest financing

The enhanced comfort and energy savings of our Preferred system is easier to afford than ever.¹

Rest easy with a long warranty

The Preferred 249V variable-speed heat pump offers a 10-year parts limited warranty upon timely registration.²

Outstanding comfort **WHATEVER**
the heat outside.

Gain more control with a complete **PREFERRED SYSTEM**

Ask your Bryant dealer about how you can maximize your home comfort with additional Bryant products.

**ECOBEE
FOR BRYANT
THERMOSTAT**

Achieve greater efficiency and whole-home comfort with this Wi-Fi®-enabled smart thermostat.

**PREFERRED
FURNACE**

Properly matched with your outdoor unit to convert heating and cooling energy into greater indoor comfort.

FAN COIL

Works with your outdoor unit to convert heating and cooling energy and deliver more comfortable air to your home.

**EVAPORATOR
COIL**

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

AIR PURIFIER

Works in-line with your HVAC system to help reduce dust, dirt, pet dander and smoke particles that can circulate throughout your home.

HUMIDIFIER

Alleviates dry air by adding moisture.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

BRYANT COOLING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget.
Only your Bryant dealer can help you decide which is right for you.

	BEST EVOLUTION™ SYSTEM	BETTER PREFERRED™ SERIES	GOOD LEGACY™ LINE
Energy Management	Extreme Variable-Speed Operation Makes subtle adjustments as conditions change to deliver comfort with much higher precision than standard or two-stage models.	Variable-Speed Operation (249V) Five adaptable stages adjust to deliver more precise comfort over standard or two-stage models. Two-Stage Operation (248T) Automatically chooses between low and high setting to maintain more consistent temperature. Single-Stage Operation (246S) Switches on each time the temperature rises above the thermostat set point.	Single-Stage Operation Switches on each time the temperature rises above the thermostat set point.
Durability	DuraGuard™ Plus Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard Plus Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard Protection Features galvanized steel cabinets and baked-on powder paint.
Humidity Management	Perfect Humidity™ Technology This feature leverages multi-stage systems to maximize humidity removal without over-cooling.	Enhanced Humidity Management (249V, 248T) Provides enhanced humidity removal during cooling operation.	Basic Humidity Management Provides basic humidity removal during cooling operation.
Comfort Management	Evolution™ Connex™ Control Our most advanced Wi-Fi®-enabled control, it can maximize efficiency by communicating with components of a complete Evolution system. Extreme Variable-Speed Operation Enjoy consistent temperature, reduced hot/cold spots, and enhanced humidity management.	ecobee for Bryant Smart Thermostat Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort. Variable-Speed Operation (249V) Takes advantage of five adaptable stages leading to minimal temperature fluctuations. Two-Stage Operation (248T) Reduced up-and-down temperature swings compared to single-stage systems.	Bryant Smart Thermostat Wi-Fi®-enabled smart thermostat that offers convenient and connected comfort control. Single-Stage Operation Solid, reliable performance that delivers comfort when you need it.
Sound Management	Extreme Variable-Speed Operation Provides ultra-quiet operation as low as 54 dBA. AeroQuiet™ System II Reduces sound through a combination of components that optimizes airflow and minimizes vibration. Quiet Mode Allows you to enjoy ~2 dB quieter sound output during heating operation.	Variable-Speed Operation (249V) Delivers quiet operation with sound levels as low as 57 dBA. Two-Stage Operation (248T) Delivers sound levels as low as 65 dBA during low-stage operation.	Single-Stage Operation Smooth-running scroll compressor helps deliver quiet comfort as low as 70 dBA.
Diagnostic Technology	Evolution fully communicating system	InteliSense connected system	-

¹ For qualified buyers. See dealer for details.

² The limited warranty period is five years on parts if not registered within 90 days except in jurisdictions where limited warranty benefits are not conditioned upon registration will automatically receive a 10-year parts limited warranty. See warranty certificate at Bryant.com for complete details and restrictions.

³ When paired with an InteliSense-enabled smart thermostat, connected to the Internet through a Wi-Fi network, and homeowner permissions granted.
