

NEMOURS ESTATE

Alfred I. duPont left behind an estate valued at \$40 million, and a last will and testament with specific instructions for the creation of a charitable corporation primarily devoted to providing health care services to children.

The Alfred I. duPont Charitable Trust was established in 1936 to carry out his wishes, including support for the preservation and public enjoyment of the Nemours Estate and the care and treatment of disabled children.

Tour Nemours Estate, Chauffeur's garage, gardens, & grounds.
