WE LEARN THIS BECAUSE: Geography is a broad based academic subject which will open up many opportunities for further and higher education. Employers and universities see geography as a robust academic subject rich in skills, knowledge and understanding. Transferable skills include literacy, numeracy and oracy. As a subject linking the arts and the sciences it is highly flexible in terms of what you can combine it with, both at GCSE and A Level. The study of geography prepares pupils for a range of diverse careers.
