7	Year 7 Geography Map skills UK		https://www.edukas.co.uk/qualifications/geography-gcse-a#tab_overview

WE LEARN THIS BECAUSE: Geography is a broad-based academic subject which will open up many opportunities for further and higher education. Employers and universities see geography as a robust academic subject rich in skills, knowledge and understanding. Transferable skills include literacy, numeracy and oracy. As a subject linking the arts and the sciences it is highly flexible in terms of what you can combine it with, both at GCSE and A Level. The study of geography prepares pupils for a range of diverse careers.

Half Term Contents					
Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Map skills <ul style="list-style-type: none"> - Scale - Direction - Use of symbols - Location - Grid references - Latitude and longitude - Sketch mapping - Relief on maps - Fieldwork skills 	UK landscapes and physical processes <ul style="list-style-type: none"> - Key physical features of the UK and The British Isles, to include coastal landscapes and river landscapes - Key human features of the UK, to include the housing crisis and migration 	Tectonic hazards <ul style="list-style-type: none"> - The structure of the Earth - The location of tectonic plates and plate boundaries - Processes associated with plate tectonics - Case studies: e. g Haiti and Japan earthquakes and Mount Etna volcanic eruptions 	Atmospheric hazards <ul style="list-style-type: none"> - The risks and hazards associated with tropical cyclones - Storm surges and tornadoes - Case studies: Hurricane Katrina and cyclones in Bangladesh. - Mitigation and preparedness 	China <ul style="list-style-type: none"> - China's physical landscape and climate - Mount Everest - Three Gorges Dam - China's population and One Child Policy 	Africa <ul style="list-style-type: none"> - An overview of the physical geography of the continent, with some individual countries focus - The human geographical characteristics, including population - Perceptions of Africa

		- Mitigation and preparedness for tectonic hazards		for tropical storms		- Impact of tourism
