

## Homework at Hove Park School

Home learning is an integral part of your child's curriculum and an important opportunity to develop their skills as independent and resilient learners. Homework is set through Microsoft TEAMS which is available to students / parents / carers through the app or web browser.

As well as the published homework, students of all ages are expected to make a commitment to reading; vocabulary is a vital building block to success in school and in life – the more your child reads and learns new words, the more successful he or she will be. The Bedrock Vocabulary programme, which Y7 – 10 can access, is an excellent way to support reading and vocabulary development.

Homework is usually set in one of three formats; flipped learning (learning something ready for the next lesson), low-stakes testing (quizzes, individual exam questions etc) or extended writing pieces.

Year Group	Subject	How many homework's will be set per cycle?*	What is the minimum expected time to spend on <u>each</u> homework?
7	English, Maths, Science, Languages, History & Geography	Two	Thirty minutes
	Computer Science, Technology, PRE, Art, Drama and Music	One
