MESSAGE FROM MRS. FREIBURGER

During Catholic Schools Week, we hosted a successful Trivia Night, raising a total of \$1,133.93. These funds will be allocated towards acquiring new teacher radios to enhance our safety communication. We have received a quote for 15 radios, totaling \$7,233.74. While we are actively pursuing a Safety Grant to assist with this expense, it will only cover half of the cost, leaving us with a remaining balance of \$2,483. The School Board is planning an additional fundraising event in the spring, so please stay tuned for more information.

Reminder that tomorrow is a Valentine's Day dress down day. Valentine's day shirt or red, white, pink, or purple shirt and jeans can be worn.

Did you know?

St. Valentine was a 3rd century Roman clergyman.

He had the power of healing.

"From Your Valentine" originates from a letter of his.

He is the patron saint of loving couples and marriages as well as beekeepers, epilepsy, plague, fainting, & travelling.

Prayer to Saint Valentine
Patron of Lovers

Dear Saint Valentine, you championed God's love by performing marriages for soldiers and their sweethearts, against the edict of the Roman Emperor. Because of that, you were martyred for the Faith and became the Patron of Lovers.

O courageous Saint, help us to love God above all else, and to give of ourselves and receive one another through His grace. Help those of us called to marriage to love our spouse with affection and joy. Help those who fervently seek someone with whom they can share their lives to meet the person God has prepared for them. May all of us grow to love Jesus, our true Valentine, forever. Amen.

Lumen Accreditation Process

Please check your email for the following letter.

DIOCESE OF
FORT WAYNE-SOUTH BEND
CATHOLIC SCHOOLS OFFICE

Dear Families,

At the heart of our mission is a commitment to making disciples of Jesus Christ. To ensure our schools continue to flourish, the Diocese of Fort Wayne-South Bend is currently participating in the Lumen accreditation process.

We are currently in the second year of this six-year cycle—a year dedicated to preparation and reflection. To do this effectively, we need your voice. We are inviting parents, community members, staff, and students to share their insights through an upcoming surveys.

Below is the link to the surveys. **Please complete the survey by Friday, February 27, 2026.**

4th Grade Science Lab

Fourth graders explored the scientific principles governing the functioning of a lava lamp. They utilized two distinct sets of ingredients to observe and compare the reactions of the solutions.
