

Shape the future of Cleft Care

A Life-Changing Fellowship | A Life-Changing Purpose

The Bristol Cleft Fellowship offers one Australian or New Zealand doctor world-class training in cleft care at University Hospital North Bristol and Weston General Hospital (UK).

What you'll gain:

- Surgical training in cleft lip/palate, speech surgery, alveolar bone graft, orthognathic surgery, rhinoplasty, and other soft tissue procedures.
- Research experience with The Cleft Collective – the UK's largest cleft research program.
- Skills and experience to prepare you for a consultant post in cleft surgery.
- Opportunity to change lives by restoring function, confidence and hope for patients and their families

The Bristol Cleft Fellowship is an initiative of Craniofacial Australia, a not-for-profit charity dedicated to achieving the best possible outcomes for people living with craniofacial conditions.
