Your Dog's Name: _____

Your Name: _____

The more we know about your dog's itch, the better informed we'll be to treat it. Sharing your dog's itch history is critical to uncovering the underlying cause of itch and the proper course of treatment.

Frequent scratching is one sign of allergic itch, but there are other telltale signs as well:

Our goal is to ensure that you and your dog get back to enjoying life as soon as possible—without all that itching. This checklist is designed to help recognize your dog's itching and to keep your dog happy. Your veterinary team will review the results of this checklist with you to identify if your dog might be suffering from skin allergies or other dermatology issues. This checklist is not a medical diagnostic tool and is not intended to replace discussions with an animal healthcare professional. Discuss medical concerns with your veterinarian.
