

KALEOS SPRING-SUMMER 26 IS ABOUT DISCOVERY THROUGH UNEXPECTED WAYS. ABOUT APPRECIATING THE BEAUTY IN IMPERFECTION

UNEXPECTED TWIST2

AND CELEBRATING THE TWISTS THAT MAKE EACH SHAPE, AND EACH WEARE, TRULY UNIQUE.

KALEOS

SS26

An ode to the process of creation, of doing, re-doing and getting to the final version.
An ode to twists that happen in the meantime and take us to unexpected roads, unexpected characters, unexpected objects, and unexpected shapes.

This is Spring Summer 26. All about unexpected twists. A journey leading to the Beautiful Shapes.

The KALEOS Woman SS26 moves through this world with confidence, curiosity, and elegance. She embraces the unexpected, letting twists in shape and design guide her expression. Her eyewear becomes an extension of her vision.

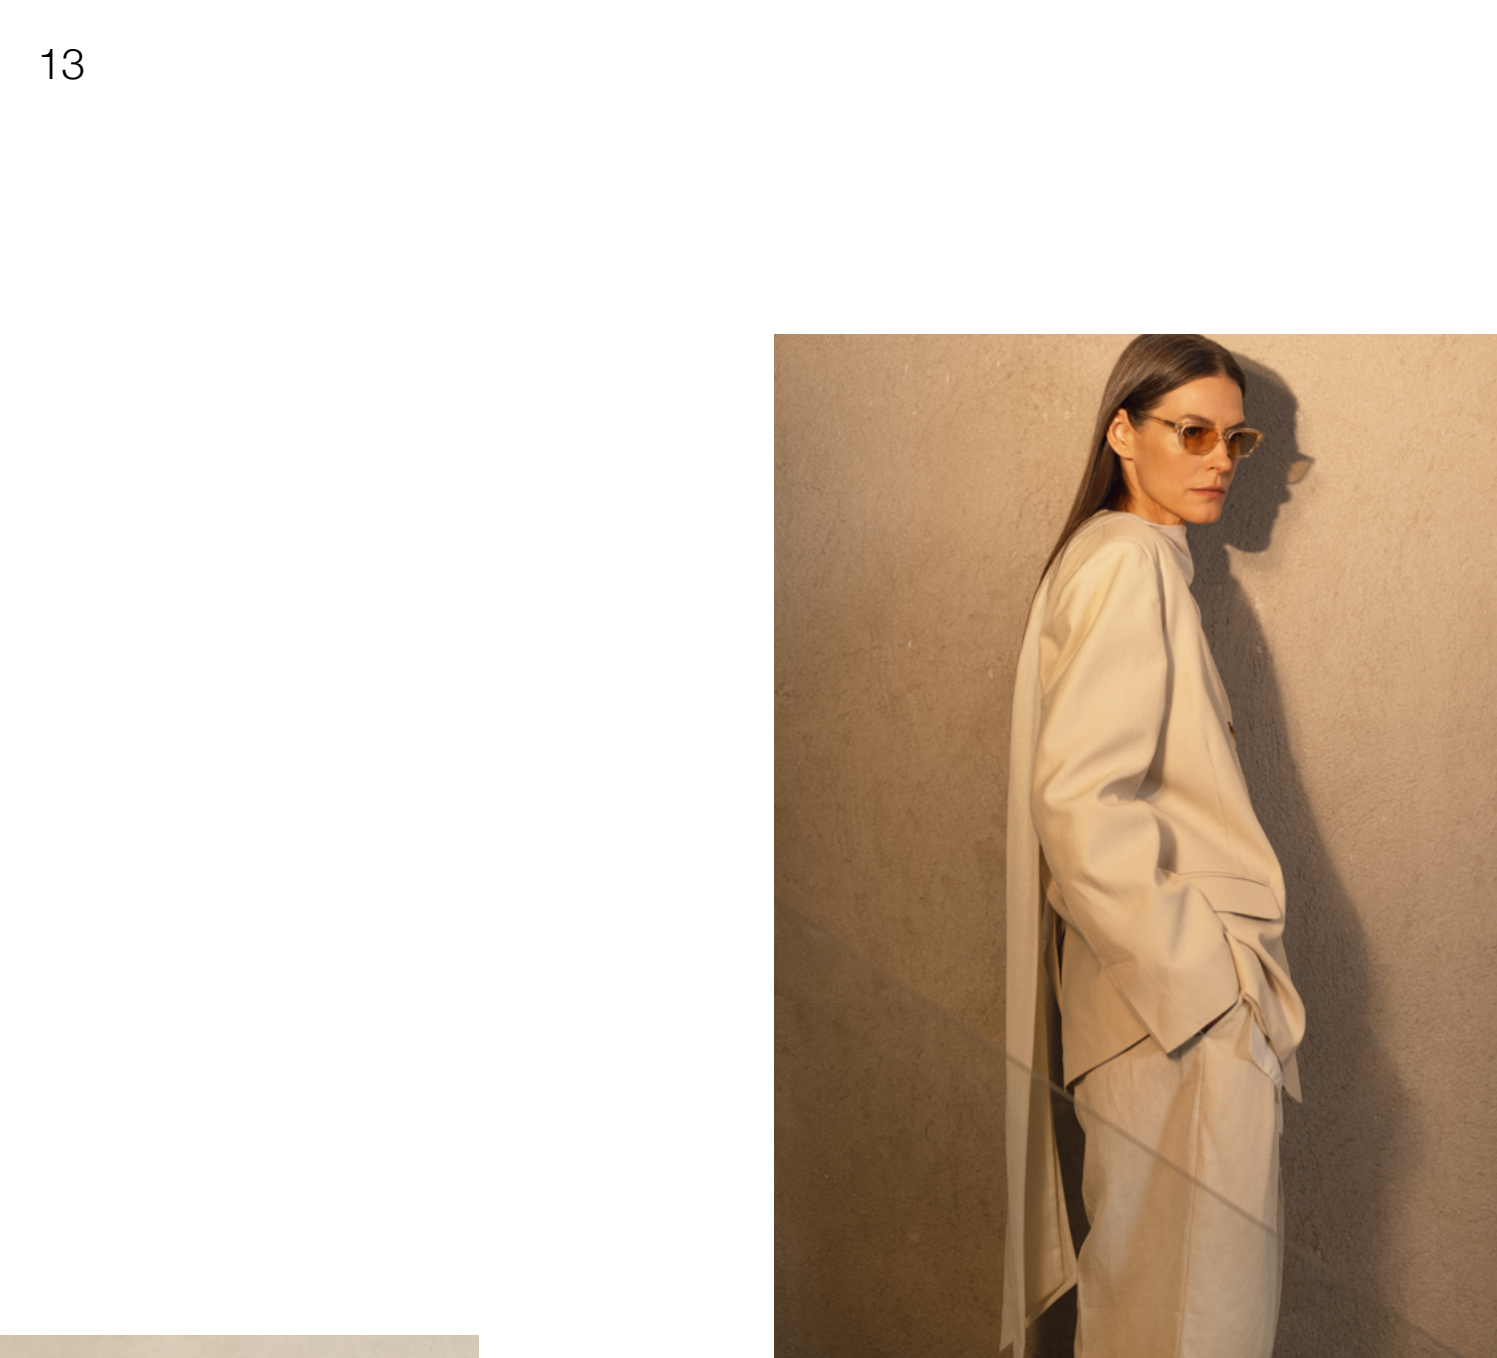

This season she shifts direction: frames become more compact, more intentional, colour steps forward, laminates step back, and shape takes the lead with ovals, angles, and unexpected silhouettes.

Two women emerge. One colourful, expressive, unafraid of standing out. The other minimalist, modern, drawn to clean lines and thoughtful construction. SS26 bring us glitter touches, lighter builds, photochromic lenses, stainless steel, semi-rimless details and a wide variety of shapes. Different attitudes but the same destination: shape elevated through the unexpected.

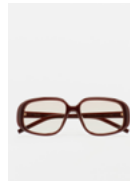

UNEXPECTED
TWISTS

SS26

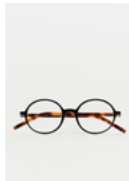

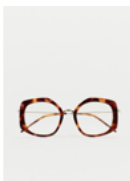

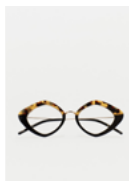

FOR WOMAN

						
ALEXANDER	GUN	TRAVERS	ALMEIDA	DARLING	BEAUMIER	ELUARD
						
WITHERS	BENDER	NELSON	CASTING	BLUM	MONTE	SUMMERSPRING

UNEXPECTED
TWISTS

SS26

Modern, precise, and quietly bold, the KALEOS Man SS26 embraces technical sophistication and architectural shapes, where every line and detail have intention.

Frames come in two sizes across several models, allowing versatility without compromising character. High-density acetates define light, clean silhouettes, while select designs incorporate a touch of hard-edge sharpness for a stronger, more structured presence.

Innovation remains central: screwless hinges, hybrid acetate–stainless steel constructions, and titanium frames paired with high-density acetate rims bring functionality and craftsmanship to the forefront.

SS26 for men continues his journey defined by purpose, clarity, and contemporary attitude. A never-ending pursue of technical modern excellence.

KALEOS Spring–Summer 26 is about discovery through unexpected ways. About appreciating the beauty in imperfection and celebrating the twists that make each shape, and each weare, truly unique.
