

INSIDE THE FIREHOUSE

MEET THE PEOPLE. SEE THE EQUIPMENT. LEARN WHAT IT TAKES TO ANSWER THE CALL.

We'll be at Inside the Firehouse this Wednesday, October 14, from 6:00–8:00 PM at the Brazos Center, and we hope you'll come see us!

All four Brazos County Emergency Services Districts and the fire departments that serve them will be together in one place.

Come meet the fire chiefs and firefighters, see trucks and equipment up close, learn which department serves your home, and find out what it takes to stay ready before the call ever comes in.

We'll also have information about:

- Fire, medical and rescue response
- Full-time, part-time and volunteer firefighters
- Training and equipment
- How ESDs and fire departments work together
- What the ESD line on your property tax bill supports
- Volunteer opportunities

Bring the kids too! Firefighter costumes are encouraged, and there will be plenty of fire trucks to see.

Wednesday, October 14
6:00–8:00 PM
Brazos Center
3232 Briarcrest Drive, Bryan

Free and open to the public. All Brazos County residents are welcome.
