

Host Employer

STAR Injury Management is a Perth-based provider of Workplace Rehabilitation Services, specialising in injury management and return to work programs, with offices in Perth, Great Southern, South West WA, NSW, ACT, and QLD. Our work trial programs provide our clients with the opportunity to transition back into the workforce in a safe environment whilst providing the Host with an extra worker at no cost.

A work trial involves the following:

- A period of on-the-job training involving instruction and feedback on performance
- NO COST TO YOUR ORGANISATION, to assist our Client as they continue to receive Workers' Compensation payments by the Insurance company
- Close monitoring by the Injury Management Consultant to ensure the placement proceeds successfully, with no inconvenience to your organisation
- Workers' Compensation covered by the Insurer for our Clients for any injury (should this be incurred) on the work placement unless gross negligence is proven against the host organisation
- Cessation of the placement at any time should it prove unsuitable for any party involved

We have a diverse range of Clients with varied skills sets and qualifications, from entry level administration to trade / university qualified candidates.

Some of our Clients require a short-term placement for work hardening with the intention of returning to their pre-injury Employer, whilst other Clients will need to pursue a new career path and value an opportunity to further develop their skillset.

Example of the more common placements we seek are as follows (but not limited to):

- Stores / Forklift / Warehousing
- Parts Interpreting / Picking and Packing
- Medical Receptionist
- Administration
- HR / Delivery Driving
- Mobile Plant Operations
- Bus / Coach Driving
- Carpentry / Ceiling Fixing
- Scheduling / Estimations / Supervision
- Sales / Retail Assistant
- Property Management / Sales
- Pharmacy Assistants
- Small Motor Repair
- Assembly / Process Worker
- Lab Technician / Assistants
- Maintenance / Gardening
- Nursing / Support Work
- Welding / Fitting

Host Employer

Please note, there is no obligation at any time should you decide undertaking a work trial is not beneficial to your company. Our aim is to provide our Client with an opportunity and our Hosts with a service. Our experienced and involved Case Managers are always readily available throughout the duration of the work trial and are dedicated to providing an excellent service to all parties.

Should you be unable to accommodate a work trial at this time but would be interested in future placements, we can add you to our Host list to contact when a suitable Client is available. Additionally, if you believe our services have been beneficial and would like to recommend us to other potential Hosts, we encourage you to get in contact to discuss further.

Our Employment Consultant team strive themselves in providing transparent, honest and fully informed discussions regarding work trial placements and conduct regular business development meetings to touch base in person to both initiate and nurture strong working relationships.

If you would like to discuss this opportunity further by phone, email or in person, please get in contact with us. Call our head office and ask for the Employment Consultant Department:
