Event 1: The Precision Landing Challenge	Event 2: The Beanbag Bomb	Event 3: The Bambi Bucket Obstacle Course
Alternate landings on targets marked on the ground. Land closest to the center of the targets with a designated mark on the helicopter to rack up the most points!	Drop beanbags onto a target for points...but from above 50ft! Hovering is easy enough, but earn double points for any bags dropped from faster than 15 knots.	Don't spill! Have your crew member dangle a bucket of water through an obstacle course, then set the bucket on a raised platform. Lose points for spilling, hitting obstacles, or taking too long!
