

Overview of Baptism Procedure at St Clare

- Parent(s) fill out an [online baptism application form](#).
 - (Paper forms are also available in the main office or in the narthex).
- Once the form has been received, a confirmation email will be sent to the email listed on the application with the requirements including a preparation class schedule, an online video series, sponsor forms, and the child's birth certificate.
- The parents will email Deacon Larry with the classes they wish to attend. Both parents are required to attend with godparents/sponsors. If the godparents/sponsors cannot attend due to their location, they must provide documentation from their home parish that they have attended at least one baptism preparation class within the last two years.
- Once the two preparation classes, the online video series, and the required paperwork have been completed, a date for the baptism will be given. Please note that the parents may indicate which date they desire for the baptism but a confirmation will not be given until all of the required documents have been received.
- Any questions should be directed to Deacon Larry Bertrand at larryb@stclareroseville.org.
