

## Our entire value proposition is centered around cost-containment and *Amazing Care!*

As specialty medications continue to drive pharmacy benefit costs—employers, brokers, and members alike—are seeking sustainable strategies that prioritize both outcomes and affordability. That's where we step in. Our fully integrated Specialty Care Program provides a seamless, in-house approach that offers:

- Innovative application of drug manufacturer assistance programs that save our clients and members in specialty drug costs
- Expertly written SPD language designed to allow strategic management of specialty drugs while avoiding pitfalls of discrimination among individuals receiving patient assistance
- Clinical pharmacist oversight to promote safe and effective use of specialty medications
- Dedicated member advocates provide members with a high level of support throughout the duration of specialty drug treatment
- Our fully-integrated program ensures 100% member engagement—allowing for no lost savings and a better patient experience
- No pharmacy ownership ensures independent and unbiased prior authorizations of specialty medications

**Our team is prepared to achieve solutions and results for *you!***
