

Sharing Success in Workers' Comp

By assuming more risk, your insureds can improve cash flow and reduce their insurance costs by engaging with our Loss Control specialists and implementing safety programs. With a large deductible, the insured will assume losses within a per occurrence deductible. The insured is insulated from catastrophic loss frequency by a deductible aggregate.

MEMIC offers two solutions for your clients looking to pay less for fewer claims:

1 MEMIC Advantage Deductible

- Ideal for larger Middle Market accounts wanting to reduce insurance costs by taking risk
- Lower aggregates than traditional deductible programs
- Premium savings of a deductible with the ability to budget similar to Guaranteed Cost

2 MEMIC Custom Deductible

- Traditional paid large deductible plans secured with Letter of Credit or Cash In Lieu of LOC
- Offers the lowest up-front premium of all plans
- The broadest appetite of all MEMIC workers' comp programs

IDEAL CANDIDATES

- ▶ Premium of \$250,000+
- Financially secure employers with accessible cash reserves
- ▶ A desire to benefit from increased cash flow
- ▶ Employers with good safety and claims practices
- ► Risk management mindset
