## Why choose us

When it comes to adventure and travel, you want to make sure you're choosing a team that has a passion for travelling but, at the same time, respects wildlife and the environment.

Majestic Whale Encounters was first established by sisters Carmen and Sarah, who both have a passion and deep appreciation for travel, the environment, the ocean, and most importantly, the large marine life. From a simple passion, it turned into their full career. Now, they are Australia's largest Whale Swimming Company and have taken many guests to beautiful destinations all over the world, including Tonga, Tahiti, Norway and Antarctica. All of which are locations that offer life-changing and unforgettable experiences such as swimming with humpback whales, dolphins and orcas.

Not only that, but Majestic and its team also have nothing but respect for the waters and the creatures that live in them. With their years of being in the industry, their knowledge and love of the whales ensures travellers only leave with a humbling and exhilarating experience.

Most importantly, Majestic Whale Encounters has used its platform to give back to countries that have played host to them and their groups of travellers.
