# NATIONAL PREFERRED DENTAL

Blue Cross and Blue Shield of Alabama's National Preferred Dental program offers access to dental providers in many areas throughout the United States. This program is designed to promote quality and cost effective dental care. There are now approximately 450,000 access points for participating dentists nationwide in the National Preferred Dental program through Blue Cross' partnership with Dental Networks of America (DNOA). The preferred networks include dentists that participate with DNOA, DenteMax and Connection Dental.

### Dental Network Provisions:

- Network dentists should file claims for you.
- Network dentists accept the Blue Cross fee schedule as payment in full (after any deductible and coinsurance you owe).
- Blue Cross payments offer an average savings of approximately 25% off billed charges.
- Covered dental services, level of coverage, deductible and benefit maximum amounts will be the same for in-network and out-of-network dentists. However, if you do not use an in-network dentist, Blue Cross will pay you the "allowed amount" for covered services. You may be responsible for the difference between the Blue Cross payment and the dentist's charge (plus any deductible and coinsurance). You may also have to file the claim if your dentist's office will not.
- To find a network dentist, go to **AlabamaBlue.com** and click on "Find a Health Provider/Healthcare Provider or Facility". Then, select "Dentist" for healthcare provider type and enter a search location. In the drop down box under "Networks and Plans" select "National Preferred Dental Network (DNOA)." Preferred providers will be identified under "Network Participation" as "DNOA Preferred: DNOA, DenteMax or Connection Dental." In Alabama, all "Preferred Dentists" are considered network providers.
