IT'S ALL FRESH AND BRIGHT!

The best of both worlds - a beautifully merged kitchen and family gathering space!

- Fashion meets purpose with a well-thought combination of mullion doors, floating shelves, and wall drawers;
- Whoever said "islands are for eating" didn't understand the impact of 5-piece drawer design and the resulting furniture effect that draws these two living spaces into one cohesive "family room!"

GET THE LOOK: ADD A THIRD COLOR AS AN ACCENT.

Not everyone is up for three cabinetry colors in one room, but for those who are adventurous, adding an accent color on an island or a hood for example, accompanied by the same color in accessories, cookware or serving pieces, takes the look to a whole new level. In this kitchen, touches of blue on the walls and in the base open cabinet carry out the island's Admiral color theme, proving that a little color continuity goes a long way!

Tip: Place accent cabinetry into an adjacent space and fill it with coordinating accessories to complete the theme.

SMART SOLVES: USE EVERY SQUARE INCH!

Design beyond typical, traditional wall and base cabinets to maximize function and up the style factor!

- By taking cabinets to the counter, it's easy to tuck away bulky appliances. Glass doors above keep the look airy and light.
- Choose a wall and go floor to ceiling with pantry cabinets and appliances for a built-in, high-end look.

SMART SOLVES: MAKE A BOLD STATEMENT!

Tell your story with style. The goal? Functional design with visual interest. Beautiful ventilation hoods are sure to punctuate your setting with panache. Let your Aristokraft designer show you the options.

*Tip: Transitional or Traditional?
This look is perfect either way!*

SMART SOLVES: BUST CLUTTER AND GET ORGANIZED!

A few well-placed specialty cabinets make quick work of a cluttered kitchen!

- Access baking sheets and shallow cookware in one smooth motion, using our base cabinet with tray divider pull-out
- Our 24" base wastebasket with soft-closing bottom mount guides handily conceals trash and recyclables

GET THE LOOK: MIX THINGS UP!

White continues to dominate when choosing cabinetry color, and Frost, with its cool gray undertones, is a perfect addition to our color palette.

Added benefit? Selecting a PureStyle finish makes cleanup a snap and is easy on the pocketbook.

MIX IT UP WITH PRETTY PAIRINGS

Tie multiple finishes together with a neutral countertop, or go all out with a color coordinating countertop and backsplash!

SMART SOLVES: PRETTY IS AS PRETTY DOES.

Beauty and function align, with every square inch accounted for in a kitchen that presents a modern take on the farmhouse vibe.

Tip: Like the look? Get extra credit for decorative tile. Styles that pull color tones from the cabinetry earn a ✓+.

Don't let a little galley get you down! With everything at arm's length, galley kitchens are efficient and useful. Keeping a neutral color palette opens up the space, while thoughtful cabinet choices offer just-right storage.

SMALL SPACES: BIG REWARDS!

An unexpected combination of glass door cabinets and an attractive range hood pay off big time, adding maximum appeal in a minimal amount of space.

Tip: Tuck in a little landing space to plan meals or pay bills.

Small footprints do not equal skimpy kitchens; this small but mighty design features full size appliances along with plenty of countertop and storage space!
