DIRECT CREMATION, ITEMIZED

Basic services of funeral director and staff 24-hour availability, family conference, death certificate preparation and filing, medical examiner cremation approval, Social Security notification.	\$300
Transfer of remains to the crematory From the place of death within our 50-mile service area.	\$300
Refrigeration (alternative to embalming)	\$125
Alternative cremation container (fiberboard)	\$20
Cremation process (crematory fee)	\$250

Direct cremation, container provided by us **\$995**

Direct cremation, container provided by you **\$975**

Our charge for a direct cremation includes the basic services of the funeral director and staff and our overhead; transfer of the remains to the crematory within our 50-mile service area; refrigeration; an alternative cremation container; a temporary container for the cremated remains; and the cremation process itself. The basic services fee is already included in our direct cremation charge; for any other arrangement it is added to the total cost of the services you select.

A casket is not required for direct cremation, but a container to encase the body is required by law. Alternative containers can be made of materials such as fiberboard or composition materials, with or without an outside covering. The containers we provide are fiberboard. You may provide your own container and delete that charge.

Under FTC regulations, we are required to tell you that Florida state law does not require embalming or the use of a casket for direct cremation. As a direct disposal establishment, we do not perform embalming.
