LETTER OF UNDERSTANDING

SUBJECT: PERFORMANCE MANAGEMENT ASSOCIATED TO MERIT

The parties agree as follows:

In order to promote the growth and development of employees (in their current role and or potential future role), the company sets up a performance management program for all employees (the “eligible employees”). Details associated with this program are available on our intranet.

The company uses the results of the employee performance management process to identify and reward Annual bonus associated to merit:

For the 2023 performance management year employees will follow the 1, 2, 3, rating scale and have already received lumpsum as per the existing LOU on 1st April 2024.

For 2024:

The technicians will receive a market adjustment of \$5.10 effective 1st Jan 2025. Parts employees will receive a lumpsum payment of \$1,750. Based on their 2024 ratings, technicians rated 2 will receive a base increase of 2.98%, those rated 1 will receive 2.98% on their base salary and additional 2.98% as lumpsum.

Parts employees rated 2 will receive a base increase of 2% and a lumpsum of 0.98%, those rated 1, will receive a base increase of 2% and an additional 3.96% as lumpsum. For both Parts and technician categories those rated 3, will not be eligible for any increases as per the Below expectations ratings.

For the 2025 performance management year and the years thereafter within the term of the CBA employees will follow the companies four-category approach.

All employees will receive merit increases on 1st April of the year based on ratings as outlined below:

- 1. Below Expectations - Achieved less than 80% in both: agreed upon objectives and measures in the workplan and demonstration of Cummins Values. Those who receive a below expectations rating will not receive a merit increase for their prior year performance. If any employee meets, exceeds or far exceeds expectations for the following year, they will be eligible for an equity adjustment effective Oct 1st of the applicable year, without any retroactive payment of lost earnings during the last 18 months.**
- 2. Meets Expectations - Achieved at least 80% in both: agreed upon objectives and measures in the workplan and demonstration of Cummins Values. Meets expectations will receive a minimum of 2.5% or up to country budget.**

3. **Exceeds Expectations** - Achieved all and exceeded at least 30% in both: agreed upon objectives and measures in the workplan and demonstration of Cummins Values. Exceeds expectations will receive a minimum of 2.5% or up to 135% country budget.
4. **Far Exceeds Expectations** - Achieved all and exceeded over 50% in both: agreed upon objectives and measures in the workplan and demonstration of Cummins Values. Far Exceeds expectations will receive a minimum of 2.5% or up to 200% country budget.

Example to clarify equity adjustment for Below expectations:

	Employee 1	Employee 2
E.g. Pay rate	\$44.42	\$44.42
2025 Employee performance	Meets expectations	Below expectations
1st April 2026 Pay (2.5% Minimum increase)	\$45.53	\$44.42
2026 Employee performance	Meets expectations	Meets expectations
1st April 2027 Pay (2.5% Minimum increase)	\$46.67	\$45.53
Equity Adjustment (1st Oct 2027)	\$0.00	\$1.14
2027 Employee performance	Meets expectations	Meets expectations
1st April 2028 Pay (2.5% Minimum increase)	\$47.84	\$47.84

Employees will receive a mid-year rating in July which will inform them of their ratings for first half of the year. This rating will not impact their wages. The values explained below will be determined based on year-end ratings which will be provided in first quarter of the following year.

All classifications excluding parts employees:

- All classifications excluding parts employees who received an assessment of "exceeds expectations" and "far exceeds expectations" will have the difference between the payment factor for "meets expectations" and the payment factor of their assessment is paid as a lump sum calculated on their base (regular) salary in effect on March 31 of the current year.

Parts will receive merit increases based on ratings as outlined below:

- **Parts employees rated Meets, Exceeds, or Far Exceeds Expectations will receive a minimum increase of 2.5% of which 2% will be paid on their base pay, any increases higher than their corresponding eligible portion will be paid in form of a lump sum.**

All lump sum payments will be calculated based on the employee's regular schedule as of April 1st of the current year.

For example:

- **An employee on a standard 40-hour weekly schedule throughout 2025 would have their 2026 lump sum calculated using 2,080 annual hours (40 hours × 52 weeks).**
- **An employee on a 42.5-hour weekly schedule throughout 2025 would have their 2026 lump sum calculated using 2,210 annual hours (42.5 hours × 52 weeks).**

This annual hour total will be multiplied by the employee's hourly rate and the applicable lump sum percentage to determine the final lump sum payment amount.

Employees will not receive an annual increase less than the minimum percentage listed in Schedule "A" for their classification unless they receive a rating of Below Expectations.

***Eligible employees:**

- a) Reached one hundred percent (100%) of their progression rate before January 1st of the current year; and**
- b) Be employed by the company on April 1st of the current year.**

Challenge process for the assessment:

The employee dissatisfied with the merit assessment received for the previous year can access the appeal process managed independently by human resources. The appeal process ensures that the employee receives an evaluation reflecting their actual performance for the year. This request for review must be submitted to human resources within ten (10) working days of the communication of the evaluation rating to the employee. Human Resources will submit their assessment analysis no later than June 1st.

An employee who is still dissatisfied with the evaluation following the appeal process can raise a grievance according to the terms and conditions provided for in the collective agreement.

Communication and continuous improvement:

In the first quarter of the year, the employer presents to the union committee the performance plan for unionized employees for the current year in order to revise and

clarify, if necessary, the language related to each of the objectives and then share it with all unionized employees.

Subsequently, the management organizes a meeting at least quarterly with the members of the union to discuss the evolution of the program and thus make it possible to identify the opportunities for improvements to be put in place to ensure the success of employees, people leaders and the company towards the achievement of the objectives.
