HYDRO-BLOK™

The BETTER Shower System

HYDRO-BLOK was developed to provide you with a convenient and hassle-free way to build and customize the shower of your dreams. Whether you are a Do-It-Yourselfer or contractor, you will be thoroughly impressed at the quality and affordability that comes with using HYDRO-BLOK products. With its closed-cell XPS foam core and its polymer-modified cement coating, you get a fully waterproofed line of shower pans, wallboards and accessories that are lightweight, strong and ready for your tile or stone creations.

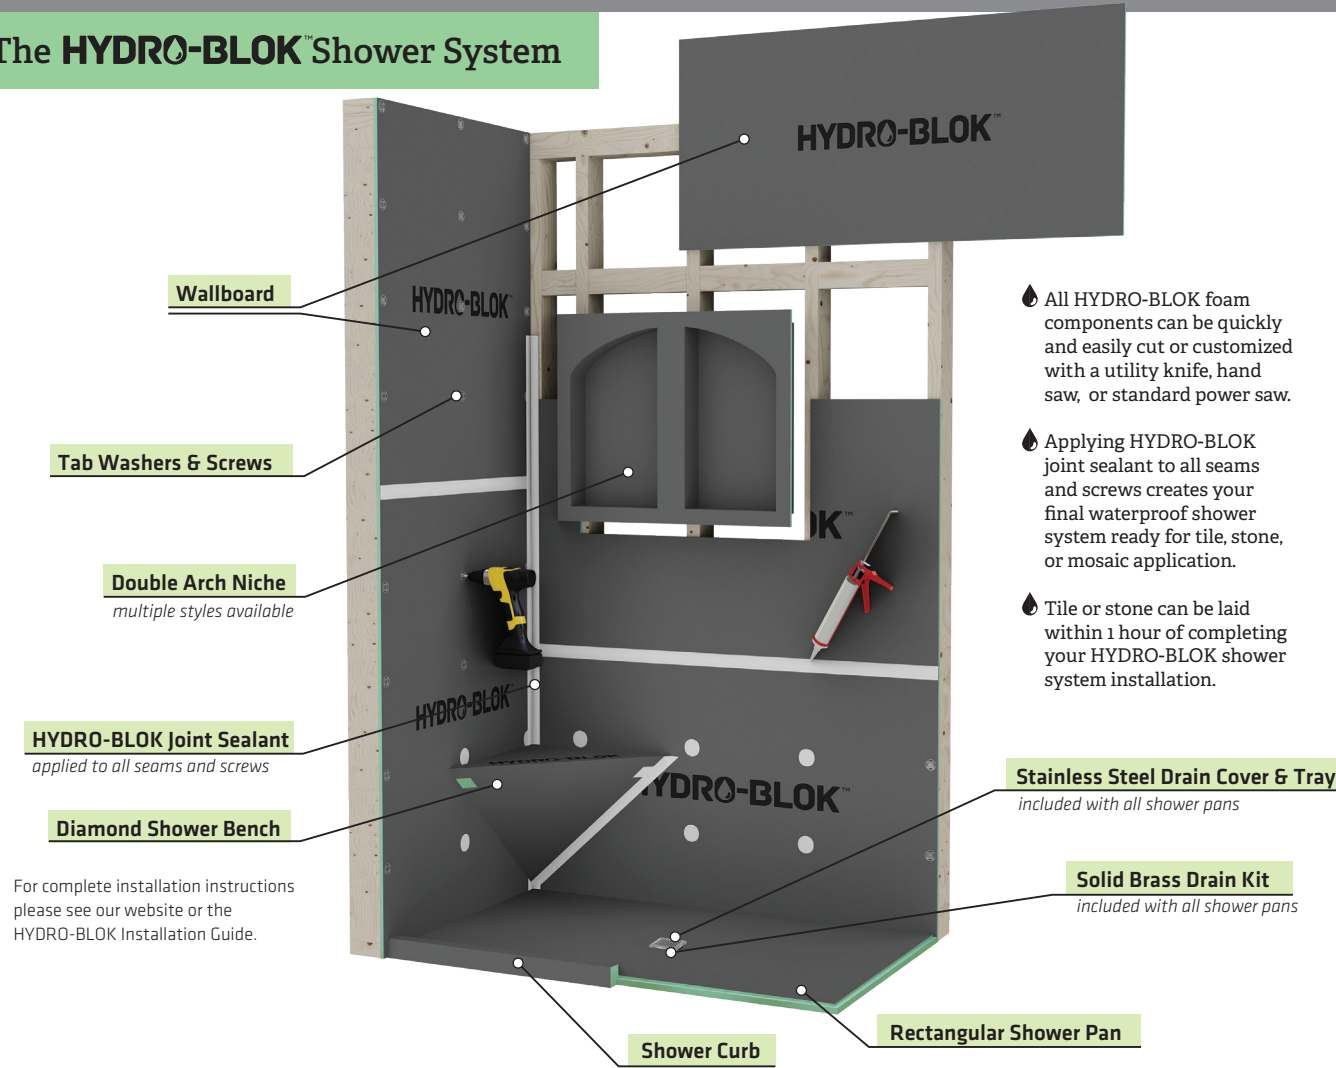

The HYDRO-BLOK™ Advantage

With the HYDRO-BLOK™ product range you can build a BETTER Shower System easier & faster than traditional showers

The HYDRO-BLOK™ Shower System

HYDRO-BLOK™ Standard System Components

System Component	Available Sizes*

1 1/2 inch Building Board	25" x 48"	
2 inch Building Board	48" x 60" 44" x 96"	

All Shower Pan Boxes include Printed Pan Template

Single Slope Shower Pans are sloped toward the first dimension listed (the dimension which the linear drain is installed against)

Thin Single Slope Shower Pan models allow for installation where only the drain area of the subfloor needs to be lowered.

*Additional and custom sizes may be available. Please visit our website at www.HYDRO-BLOK.com or your local dealer for an up-to-date product list. Some HYDRO-BLOK products & sizes may not be available in all regions, please check with your dealer/distributor for details.

BARRIER-FREE ENTRY SHOWERS

Easy Barrier-Free Elegance

Have you dreamed of a luxurious open-concept shower that seamlessly transitions from your bathroom floor directly into your shower with no barrier or curb?

HYDRO-BLOK Single Slope Shower Pans with the Ebbe INNI® Linear Drain and the new HYDRO-BLOK THIN Center Drain Shower Pans are your solutions. The freedom to use any size of tile or stone on your shower pan allows for unique and creative designs and with no metal drain cover on the shower floor, your shower has the look and feel of luxury and elegance.

The Ebbe INNI® Linear Drain can be placed anywhere in a shower as it is easily customized to fit any shower space or size for either residential or commercial installations.

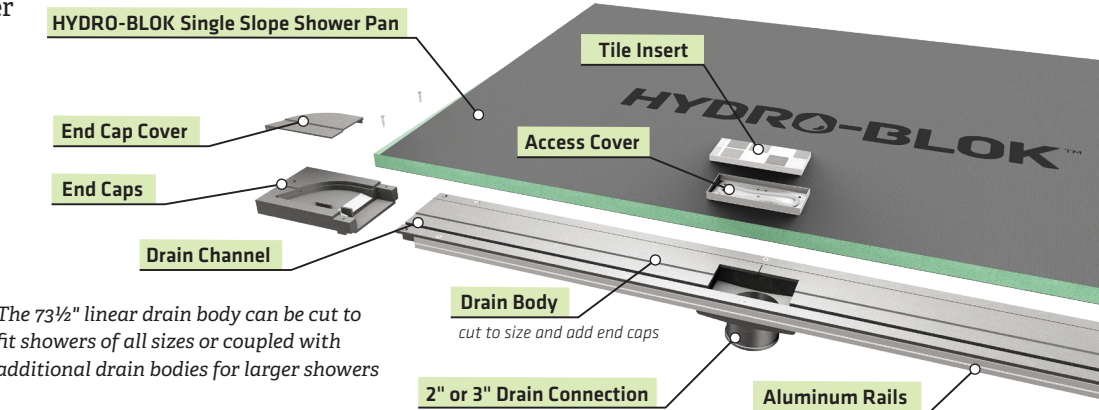

Take a look at the new era of shower designs and put yourself in a world of luxury and timeless elegance.

The Ebbe INNI® Linear Drain for HYDRO-BLOK™

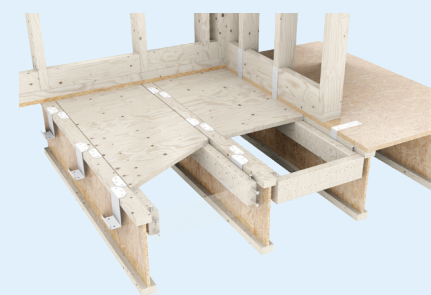

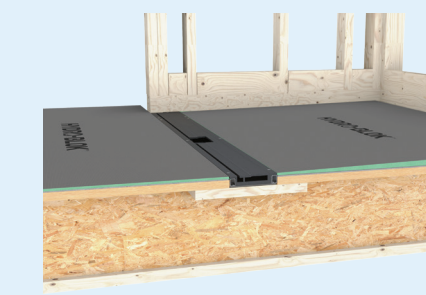

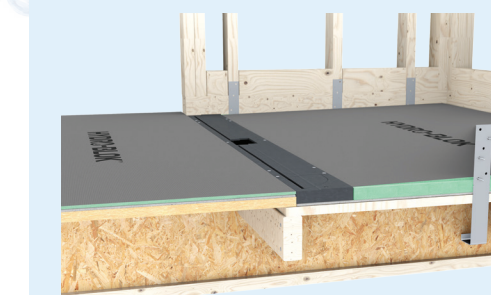

The Ebbe America INNI® Linear Drain is a patented system fully compatible with HYDRO-BLOK Single Slope Shower Pans.

HYDRO-BLOK™ Barrier-Free Installation Options

HYDRO-BLOK Thin Single Slope Shower Pans require only the drain area to be lowered to provide a simple option for barrier free showers in new or renovation installations.

HYDRO-BLOK Standard Single Slope Shower Pans together with Ebbe's floor lowering clips (patent-pending) allow your entire shower area to be set up for a barrier free installation.

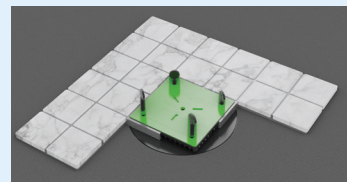

NEW!

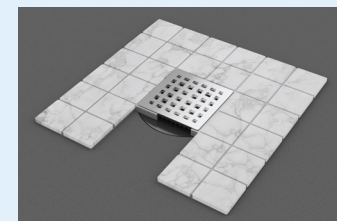

LOW-PROFILE PANS FOR CURB-LESS SHOWERS

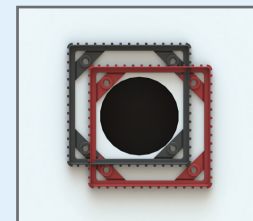

ALL shower pan installation components included

Construction plug and grout over frame is adjustable for tile thickness & laterally for tile layout.

Grout over frame gives a clean finish and is compatible with any ebbe ELP strainer.

Grate location can be adjusted 1/2 inch in any direction from center.
