Protect Children Colorado

Three Initiatives to Better Protect Our Children
Common Sense in Colorado Again

Age 14

That's the average age a child is first bought & sold into sex trafficking.

Our ballot measure sets a penalty of Life In Prison Without Parole for anyone who buys or sells a minor child for sex in Colorado.

Certain punishment, without a chance to ever brutalize another child.

It's time Colorado voters loudly say, "Not here. Not once. Not ever."

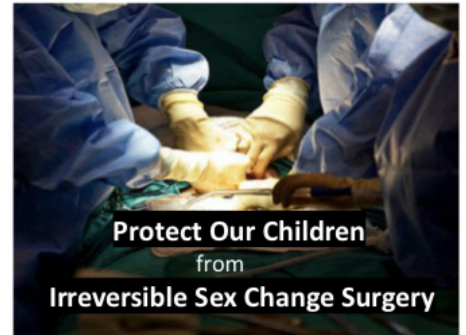

It's not fair - It's not safe

Bigger, stronger biological males are invading girls' sports in Colorado, taking away our girls' dignity, safety, and opportunity.

Our ballot measure ensures girls sports are protected, requiring sports leagues and teams be specifically designated male, female or co-ed.

Because girls' sports in Colorado should be for girls. That's it.

An Irreversible Child Surgery

It's irreversible. It's robbing a child of a reproductive future. It needs to wait.

Our ballot measure prohibits irreversible sex change surgeries on minor children, age 17 and younger.

We set age limits on many things in Colorado – from voting, to drinking, to signing a contract. It's too early.

For something this serious and permanent, let's wait until age 18.

Colorado parents and concerned citizens are alarmed by extreme policies that fail to protect our children from sexual predators, compromise the safety of girls in sports, and push vulnerable children toward permanent medical decisions before they're old enough to understand the consequences.

Colorado will be the FIRST STATE to take these issues to the ballot.

Giving Colorado voters the opportunity to say "ENOUGH!"

Let's bring common sense to Colorado again:

Will you do your part? – Here's how:

- **Host an information party at your home for friends and neighbors**
- **Share our website on your social media – Facebook, Instagram, X, etc.**
- **Make a contribution right now. Be it \$10, \$100, or \$1000, every dollar helps.**

If we won't help protect Colorado's children, who will? If not now, when?
Our politicians will only listen when we ALL speak with a vote at the ballot box.
