

Georgia Quality Jobs Tax Credit

UNLOCK SUBSTANTIAL INCENTIVES FOR YOUR BUSINESS GROWTH WITH SPECIALTY TAX GROUP (STG)

Georgia's Quality Jobs Tax Credit provides up to \$5,000 per qualifying job, per year, for up to five years for companies creating high-wage positions in designated counties.

The credit offsets Georgia income tax liability and, in certain cases, may be applied against payroll withholding obligations - enhancing its practical value for growing businesses. When aligned with hiring strategy, the program can materially reduce state tax exposure while supporting workforce expansion.

EXAMPLE

New Jobs*	Credit	Credit per Calendar Year	# Years Total Credit	Total Credit
75	X \$5,000	= \$375,000	X 5	= \$1,875,000

**Minimum 50 over 24 months*

WHO CAN BENEFIT?

- Companies who added 50 or more full-time jobs in urban/suburban Georgia within 24 months paying 110% above county wages.
- Companies who added 10-25 new full-time jobs in rural Georgia within 12 months paying 110% above county wages.
