JANUARY 2025

MANAGER'S MINUTE

I hope you all had a very Merry Christmas and a Happy New Year! So incredibly grateful to have spent the past couple weeks spending time with family and friends over the holidays. It is crazy how fast 2024 came to an end; it was incredibly busy and I know that is just going to continue into 2025.

We have recently been able to make a gracious donation to the Rossburg Acres Party with a Purpose Committee. As many of you know, I am a part of this amazing committee, and it was a great feeling to be able to donate to help more families in the surrounding area. If any of you would like to make a donation, feel free to reach out to the committee on Facebook! Every donation is greatly appreciated, and being able to donate to more families is such an amazing feeling.

My wife and I continue to have busy weekends watching my youngest complete his final year of high school bowling. We enjoy watching him do what he loves, but it is bittersweet that it is soon coming to an end! We are taking in all the lasts as he finishes up his senior year!

This month, Renee and I will be attending a K&M Tire Conference. We are looking forward to gaining more knowledge in the tire industry, so that we can better help you all when it comes to putting a new set of tires on your vehicle!

Thank you for the most amazing year, and I hope you all have a safe and healthy 2025!

Sincerely,
Ted Heitbrink

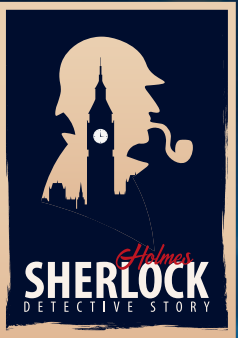

JANUARY IS NATIONAL BOOK MONTH!

BET YOU DIDN'T KNOW...SHERLOCK'S ICONIC HAT IS NEVER MENTIONED IN DOYLE'S STORIES

The classic image of Sherlock Holmes almost always depicts him as wearing a deerstalker cap. Doyle, however, never explicitly mentions the deerstalker at any point in the entire Holmes canon.

The distinctive hunting cap only became associated with Holmes through the illustrations of Sidney Paget, who drew the detective in 38 stories for The Strand Magazine between 1891 and 1908. Paget first portrayed Holmes with a deerstalker — a hat normally associated with hunting and shooting in rural areas — in an October 1891 story called The Boscombe Valley Mystery, because the story takes place in the countryside. The image stuck, and the hat became part of Holmes' signature look in all his future mysteries.

NEW YEAR FUN FACT...

LOSING WEIGHT IS THE MOST BROKEN NEW YEAR'S RESOLUTION, YEAR AFTER YEAR.

Most Americans (about 44%) make a New Year's resolution that deals with self-improvement or educational goals. The most frequently made resolution is to lose weight in the coming year.

Unfortunately, only 9% of people feel they've accomplished their resolution by the end of the year. A whopping 42% report that they never succeed in their resolution goals, and 48% feel they were only marginally successful with their resolutions over the year.

WINTER CAR TIPS

HELP PREPARE YOUR CAR FOR WINTER WITH THESE HELPFUL TIPS.

Whether you live in the cold Midwest or a less frigid southern part of the country, it pays to prepare your car before the first storm of the season. Consider checking or talking to your mechanic about the following:

1. Test the battery strength.
2. Inspect the exhaust system and the air, fuel and emission filters.
3. Check the heating and cooling system, windshield wiper and antifreeze fluid levels, and change the oil.
4. Check both the front window and rear window defrosters.
5. See that hoses, fan belts and all components are working properly.
6. Consider changing the spark plugs.
7. Each week, check the tire pressure and tread life. And consider installing winter tires, as they're made to give you better traction on cold pavement.
8. Locate the spare tire, jack and ice scraper.
9. Check both the front and rear lights. The front lights should provide the brightest illumination possible. Replace any burned out bulbs.
10. Inspect your wiper blades to see that they're functional and in good condition.

All drivers should think about using extra caution when driving in winter conditions. Slow down and allow additional time to get to your destination.
