MANAGER'S MINUTE

Spring is in full swing, and we have some great news to share! First, a big congratulations to my son Brayden and the St. Henry Redskins for an outstanding performance at the State High School Bowling Tournament, on March 1st where they finished 6th in the state. What an incredible achievement!

We also want to express our sincere gratitude to everyone who supported our Brakes for Kids campaign in February and March. Thanks to your generosity, this initiative was a great success, and we truly appreciate your support in helping make a difference for the kids who receive treatment from St. Jude's Children's Hospital.

At the end of April, Ted will head to Las Vegas for the NAPA Now convention, where he will learn about the newest innovations and products from NAPA and its suppliers. We're always striving to stay ahead so we can continue to provide you with the best service and expertise possible!

With Easter just around the corner, we want to take a moment to wish all of you a very happy and blessed Easter. May this season bring joy, renewal, and special moments with family and friends. Thank you for choosing Chickasaw Garage - we appreciate your trust and look forward to serving you this spring!

Sincerely,

Ted Heitbrink

EASTER FUN FACTS!

THE EASTER BUNNY

The Easter Bunny originated in Germany, where hares and eggs were symbols of fertility in the Middle Ages.

EASTER EGGS

The tradition of decorating eggs originated in Ukraine, where they are called pysanky.

EASTER LILIES

Easter lilies symbolize purity and Christ's resurrection. The tradition originated in early Christian times.

THE WHITE HOUSE EASTER EGG ROLL

The tradition started in 1878 when President Rutherford B. Hayes was approached by children asking about an Easter egg roll.

EASTER DATE

Easter is celebrated on the Sunday after the first full moon that follows the vernal equinox. This means that Easter can be any Sunday from March 22 to April 25.

Peanut Butter Easter Eggs

• Prep Time: 1 hr 35 mins • Total Time: 1 hr 35 mins • Servings: 20

Ingredients

• 2 cups creamy peanut butter • 3 cups crispy rice cereal • 2 tablespoons shortening
• ¾ cup butter • 1 (12 ounce) package semisweet chocolate chips
• 3 ½ cups confectioners' sugar

Directions

1. Combine peanut butter and butter in a mixing bowl until smooth; stir in confectioners' sugar and crisp rice cereal until a dough is formed.
2. Refrigerate the mixture for about 1 hour to allow it to be easier to work with.
3. Shape mixture into egg shapes and freeze for 20 minutes.
4. Melt chocolate chips and shortening in a double boiler over low heat until smooth; dip egg shapes into chocolate.
5. Place on waxed paper and allow to cool.

THE WARNING SIGNS OF WORN SHOCKS & STRUTS

While many variables determine the life of your shocks or struts (**Hello, Potholes!**), experiencing any of these symptoms means it's time for replacement.

1. Instability at highway speeds. Your vehicle never feels completely stable on the highway and is constantly moving up and down. The movement may be slight, but you notice it.
2. Vehicle "tips" to one side in turns. When taking a sharp turn or an off-amp, your vehicle leans or "tips" to the outside of the turn and feels wobbly.
3. The front end dives more than expected during hard braking. You may not notice this until you have to jump hard on the brakes.
4. Rear-end squats during acceleration. You'll notice the front end of your vehicle rising while the rear "squats" during hard acceleration.
5. Tires bouncing excessively. After hitting a bump, you can feel a tire (or tires) reacting or "bouncing" for a time. You may also hear a clunking noise.
6. Unusual tire wear. Because the tire isn't being held firmly o the road, the tread wears in a wavy manner instead of evenly.
7. Leaking fluid on the exterior of shocks or struts. This is a sign that the seals have broken and the internal fluids e sential to proper function are escaping.

Make sure you buy quality, brand-name shocks or struts. Discuss your options with your auto professional before deciding. It's also important to ask about replacing all of the worn parts connected to the struts. Don't be penny wise and dollar foolish. You should replace other worn items associated with the struts, like bearing mounts, rubber bump stops and shock boots.
