# Welcome

If you're running a nonprofit, you already wear 10 hats on a good day. The **Nonprofit AI Navigator™** helps you identify where AI can step in.

## Save Time

Reclaim hours every week

## Streamline Ops

Simplify daily operations

## Grow Donations

Increase engagement & giving

## Avoid Burnout

Do more good sustainably

# How to Use This Guide

STEP 1 OF 3

## Identify Your Time Drains

### Ask Yourself

- What tasks slow me down daily?
- Where do we lose time or miss opportunities?
- What feels repetitive or overwhelming?

### Common Examples

- Answering the same questions repeatedly
- Chasing donations or follow-ups
- Scheduling calls or events manually
- Managing emails and spreadsheets

# Match the Problem to an AI Solution

<b>Pain Point</b>	<b>AI Solution</b>	<b>What It Does</b>
Missed calls / inquiries	24/7 AI Receptionist	Answers calls, books appointments instantly
Too many FAQs	AI Website Concierge	Engages visitors and guides them on your site
Leads not converting	AI Sales Assistant	Pre-qualifies and nurtures prospects
Manual follow-ups	Automation System	Sends reminders, emails, and updates automatically
Limited reach	Multilingual AI Tools	Break language barriers instantly

STEP 3 OF 3

# Start Small, Then Scale Smart

You don't need to do everything at once. Start with **ONE high-impact area**, then layer in more automation as you grow.

## Handle Incoming Calls

Never miss a donor or inquiry again

## Website Engagement

Guide every visitor automatically

## Donor Follow-Ups

Automate outreach and nurture giving

# Where AI Makes the Biggest Impact

## 24/7 Call Answering

Book appointments and give info around the clock

## Instant Website Response

Engage visitors and respond to inquiries immediately

## Donor Follow-Ups

Automated reminders for events and fundraisers

## Data & Admin

Collect, organize data and reduce admin workload

## Multilingual Support

Serve diverse communities without language barriers

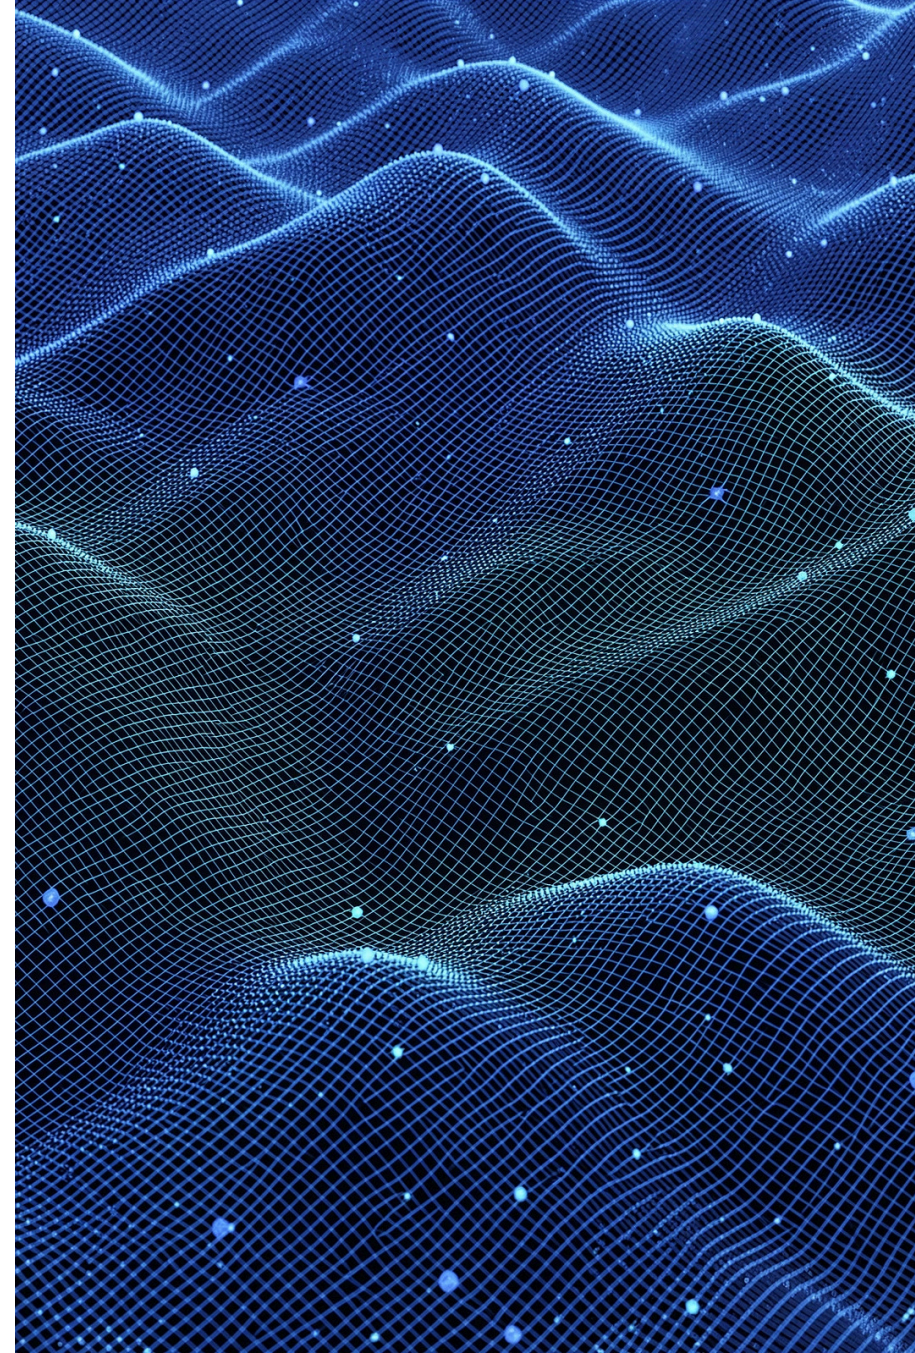

# Real Talk: What This Means for You

## Instead of...

- Missing opportunities
- Feeling overwhelmed
- Doing everything manually

## You Get...

- More time to focus on your mission
- Faster response times
- Better engagement
- Increased donations and participation
