

NORTH CAROLINA FC YOUTH

NEW VOLUNTEER COACH

Do not let what you cannot do interfere with what you can do.

No experience required! Coaching education, equipment/attire and support provided.

Spend more time with your child and be a key part of something they and their friends enjoy.

Teach valuable life lessons that shape the way your players respond to situations on and off the field.

A good coach sees in players, what they cannot see in themselves.

Kids do not care how much you know about soccer, until they know how much you care about them.

A coach will impact more people in one year than the average person will in a lifetime.

Sense of pride in the development of your player and their teammates on and off the field.
