Additional body preparation services

It is our policy that human remains be identified whenever possible. The identification may be made by anyone who knew the deceased, including a relative, friend, neighbour, co-worker, or clergy person. While identification of a body is possible with the minimum required preparation, you may wish to consider opting embalming, as it might afford a more peaceful final viewing experience. Embalming is not legally required, but may be recommended to preserve the body between the time of death and final disposition. One of our funeral directors will be able to guide you on preparation options and make recommendations based on the condition of the body and the expected service needs.

Visitation

These are informal gathering periods that allow family and friends to come and pay their respects and offer comfort to a grieving family. Suggested visiting hours are (eg. 2:00 – 4:00 p.m. or 7:00 – 9:00 p.m.).

Funeral services

This includes services, rites and ceremonies with the body present in a casket. A funeral service can be religious or non-denominational and can be held in various places, including in our chapel, at a place of worship, a venue such as a club or hall, or at the graveside.

Memorial services or celebrations of life

This is a service to commemorate the deceased, which takes place after the body has been cremated or hydrolyzed. The cremated / hydrolyzed remains may or may not be present, as preferred by you; a framed portrait and personal mementos might also serve as a focal point during the memorial service.

Receptions

We offer a beautiful facility in which families may gather and receive guests for a luncheon after the funeral or memorial service. Our reception room accommodates up to up to 100 people and used in conjunction with the chapel

CASKETS

The following caskets listed are those generally available. Additional options are available upon request. Unless otherwise noted, all caskets listed are standard adult size.

Minimum requirements for a casket:

For burial: The least expensive wood casket is suitable and is required by most cemeteries' by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial.

For cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material or chlorinated or fibre-reinforced plastic, other than incidental metal, cannot be used for cremation. We offer a selection of inexpensive caskets below that are suitable for cremation.

For hydrolysis: A casket is not used for hydrolysis (also known as "aquamation"). In some circumstances, a hydrolysable container or shroud may be required. For more information on this alternative method of disposition, please speak with one of our funeral directors, or refer to the [Bereavement Authority of Ontario's Consumer Information Guide](#). URNS, KEEPSAKE URNS & URN VAULTS

You are not required to purchase an urn, keepsake urn or an urn vault. When a body is cremated or hydrolyzed, the remaining cremated / hydrolyzed remains will be presented in a box that is suitable for interment or scattering as is. Nonetheless, we are pleased to offer the following selection of products in a range of prices and materials to suit your preferences. If the urn is to be placed in a columbarium niche at a cemetery, you must make sure the urn you select will fit. Please speak with one of our funeral directors for assistance.

PAYMENT, FINANCING AND FUNDING

For services at time of death:

Payment is due within 30 days of signing the contract, beyond which interest will be charged at a rate of 2%, which is equivalent to 24% per annum (APR). Payment may be made by cash, cheque, debit, and most major credit cards. Payment plans are also available to meet most budgets. Financing charges apply to payment plans.

Financial assistance for funeral, burial, cremation / hydrolysis services is available through various governmental agencies, to those who qualify.

Disbursements must be paid at time of contract signing or paid by purchaser directly to disbursement items accordingly.

Pre-payment in advance of need:

For services that are being prearranged pre-need, we offer two funding options when prepaying services or supplies:

Trust: You pay for the services and supplies at today's price and we will place your money in a trust account, where it will accrue interest until the prepaid contract is fulfilled (when the services and supplies are delivered). Pre-payment can be made by cash, cheque or credit. Funds are held in the purchaser's name.

Insurance: You may purchase an insurance or annuity policy through us, where the proceeds of the insurance / annuity policy will be used to pay for the services or supplies at the time they are delivered. Payment may be made by credit card or cheque for single payments. Time payment plans may be made by credit card or pre-authorized chequing. The policy is held in your name and assigned to the funeral home. Terms and conditions and cancellation policies are set by the Insurance Company.

Guarantee: When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest / growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest / growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds in excess of the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Additional information about payment, financing and funding options is available upon request.
