Wider Home Learning Activities

These activities help children to apply and extend the skills they learn across the curriculum.

<p style="text-align: center;">Writing tasks (English/History/Geography Links)</p>	<p style="text-align: center;">STEM Tasks (Maths/Science/DT Links)</p>	<p style="text-align: center;">Social & Creative tasks (Art, Music, RE, PSHE, PE links)</p>
<p>Write a manual for a toy/ game or appliance in your house. Remember to include an introductions, how to assemble, troubleshooting and special features. You could even fold it up to make it look real!</p>	<p>Join in with a STEM task on the newsletter, there is a new one each week!</p>	<p>Write a song based on your learning of the planet, space or stars. You can write the lyrics or record yourself singing!</p>
<p>Write a diary entry about the night of Astro Camp. Include taught features of a diary entry and don't forget to write in paragraphs!</p>	<p>Create a model of the Sun, Earth and Moon. Can you make them to scale? Write some facts you find out during your research.</p>	<p>Create a poster about the importance of a healthy and balanced lifestyle. Think about the eat-well plate, exercise and ways in which children your age can improve their health.</p>
<p>Create a fact file about a star constellation. Find out about its history, who in the world can see it and when and some special facts.</p>	<p>Why is there no night time in Iceland in June? Find out the answer to this enquiry question and record your results in your learning log. You can draw pictures and diagrams to help.</p>	<p>Create a piece of artwork using Bandid Dotting made famous by Roy Lichtenstein. Can you make your artwork space themed?</p>
