"Can I say something? Um, I'm the type of person that if you ask me a question and I don't know the answer, I'm gonna tell you that I don't know. But I bet you what, I know how to find the answer and I will find the answer. - Chris Gardner" - Will Smith

In all seriousness, I hope you get a kick out of my punny resume and realize that humor runs through me as a designer. I love to laugh and bring a smile to others faces. This world can be pretty serious and I like to lighten it up sometimes, okay a lot of times! Although funny, the quote above resounds true to who I am, a go getter and problem solver. I hope that you find that I would be a good fit for your team and that we would work well together, I'm confident in that! Please visit my website for more information about me and my previous work. I'd love for you to reach out with any questions or comments, I can't wait to hear from you!
