## TECH FOR TODAY

Our ***Tech for Today*** program aids our elder community members by helping them clear technology hurdles using computers, tablets, cell phones, and the Internet. **YOU DON'T NEED TO BE A TECHNO-GEEK TO HELP US!**

We are seeking volunteers to assist us in growing our Tech for Today support network. If you can patiently take others through a phone call when they lose their internet connection, or a phone conversation to help to pay a cable bill, give us a call.

For more information and to apply to volunteer, contact our Tech for Today Coordinator, Neil Glassman, by email on [nglassman@nekouncil.org](mailto:nglassman@nekouncil.org) or phone (802) 745-2284. Volunteers are required to complete a background check and volunteer travel mileage is reimbursed.

**Are you also interested in serving as a wellness leader or volunteer to provide wellness activities in clients' homes?** Training is provided in Fall Prevention Tai Chi and the Arthritis Foundation Exercise Program. Questions? Contact Brooke Brown (802) 751-0428.
