

Position Title: RDMS

Report to: Clinic Director/Clinical Coordinator

Responsibilities: To provide ultrasounds for the clients of Alternatives for educational purpose and to determine viability of pregnancy.

Part Time: 20 hours weekly

Medical Qualifications:

- Knowledgeable of center's resources to pass information to client
- ARDS certified
- Registered in OB/GYN
- Ability to scan using ACOG criteria
- Provide medically accurate, limited obstetric ultrasound to Alternatives clients with a positive pregnancy test.
- Knowledgeable in fetal development

Responsibilities:

- Interact with Client and whomever client has accompanying them during scan
- Able to discern limited ultrasound criteria vs. diagnostic ultrasound based on Center's and overseeing physician's protocol
- Speak about Post-Abortion Syndrome and "Forgiven and Set Free"
- Will travel within Southwest Michigan sites for the purpose of providing scans as needed

Personal Qualifications:

- A commitment to Jesus Christ as Lord and Savior.
- Experienced in sonography.
- Has a pro-life view.
- Able to share faith
- Teaching spirit
- In full agreement with Alternatives Mission, Faith and Principles
- Commitment to scheduled time
- Teachable
- Compassionate
- Good reputation in medical community
- Regular attendance at a Bible-based church
