Job Title: Registered Diagnostic Medical Sonographer (RDMS)

Reports To: Clinic Quality Assurance Director and Nurse Manager

Full Time | 35-40 Hours

Job Summary: This role reports to the Quality Assurance Director while working closely with the Nurse Manager to provide limited, medically accurate obstetric ultrasounds for Alternatives clients with a positive pregnancy test. These ultrasounds are used for educational purposes to assess pregnancy viability.

Key Responsibilities

1. Accurately able to discern limited ultrasound criteria vs. diagnostic ultrasound based on the Center's and the overseeing physician's protocol
2. Speak about Post-Abortion Syndrome and "Forgiven and Set Free"
3. Travel within Southwest Michigan sites for the purpose of providing scans as needed
4. Knowledge of Alternative's client resources and information

Medical Requirements

1. ARDS certified
2. Registered in OB/GYN
3. Ability to scan using ACOG criteria
4. Knowledgeable in fetal development
5. Experienced in sonography
6. Good reputation in the medical community

Qualifications and Skills

1. **Spiritual Maturity:** A committed Christian who agrees with the center's statement of faith and is dedicated to the pro-life position. A member or regular attender at a Bible-based church, willing to share faith as discerned
2. **Personal:** A teachable, compassionate spirit, commitment to schedule time, and in alignment with our Staff Character Agreement.

Compensation and Working Conditions

1. Vacation and Holiday benefits (depend on the employment package)
2. Sick pay
3. Travel and mileage reimbursement
4. Two spiritual renewal days a year
