

Tyson Executive Chair – Leadership in Motion

Model A629

“Designed for visionaries in engineering and innovation.”

The Tyson Chair embodies strength, precision, and innovation — qualities that define leaders at Panasonic Automotive. With a bold silhouette and options in signature Panasonic Blue leather, it blends executive authority with modern ergonomics, creating a powerful symbol of leadership and forward-thinking design.

Key Features

- Executive Backrest with Sculpted Headrest – Projects confidence while providing all-day ergonomic support.
- Synchro-Tilt Mechanism – Moves naturally with the body for personalized comfort in dynamic work environments.
- Polished Alloy Frame & Armrests – Engineered strength with sleek executive styling.
- Premium Leather Upholstery – Available in Panasonic Blue for brand synergy, tested to 100,000 Martindale cycles.
- 5-Star Alloy Base & PU Wheels – Smooth stability across all office surfaces.
- Customizable Options – Black or polished frame finishes for tailored presence.

Tyson Chair – The Seat of Innovation

For executives who design the future.

Why Tyson?

From boardroom decisions to design center innovation, the Tyson Chair enhances every executive environment. Its commanding presence elevates the workplace while supporting the relentless drive of today's leaders. In Panasonic Blue, it becomes more than a chair — it becomes a statement of brand identity, uniting executive comfort with corporate vision.
