

NO-TILL DRILL RENTAL AGREEMENT

Great Plains 1006NT-1575 End-Wheel

This Equipment Rental Agreement is made between the Ottawa County Conservation District and:

Renter Name: _____

Requirements

- ½ ton vehicle
- Hitch pin for transport
- 30 HP tractor

Transportation of Drill

- Make sure the drill sprocket hub is disengaged before transport.
- Hydraulic hoses must be secured to prevent them from dragging.
- Use safety chain during transport.
- Use caution when crossing bridges - drill is 13 feet wide.
- Do not exceed 20 mph when transporting the drill.

Operation of Drill

- Engage the drill sprocket lockout hub - do not back up with the drill down or engaged.
 - Do not make any sharp turns or back up with the disks lowered. Raise the hydraulics at the end of each row!
 - Transport locks - remove retaining pins and bars during operation.
- Seed calibration - calibrate the seed rate for the seed mix you are planting. Be sure to close the seed box lid
- Do not pack grass seed in seed box. Seed should not be put in seed box until drill is at the field and ready to plant.
- Check the seed tubes regularly for blockage.
- **Upon completion empty seed boxes and clean excess mud or dirt off before returning. A \$100 cleaning fee will be incurred if not done.**

Equipment Return Requirements

To avoid post-return cleaning surcharges, please complete the following steps prior to check-in:

- **Seed Reservoir & Mechanisms:** Completely remove all residual seed using a shop vacuum or compressed air hose.
- **Exterior & Frame:** Wash or wipe down excessive mud, soil, and field debris.
- **Photo Verification:** Photographic proof of clean equipment condition is mandatory upon return (taken by customer at drop-off or recorded by staff during inspection).
- **Note:** A **non-negotiable \$100** cleaning fee will automatically apply if equipment does not meet these standards upon return.
