To Our Clients, Patrons & Friends:

This General Price List was prepared to assist you in your selection of funeral goods and services from our funeral home. We encourage you to read this list carefully, and to select a funeral ceremony that will best suit your individual needs and circumstances. We will try to help you choose only those options that you feel will be necessary or will be required in order for us to carry out your wishes.

The prices contained on this list are for the various services, goods and merchandise which we can provide to our clients. You may choose only those items you desire and we will perform only those services that you request. However, any arrangements you select will include a minimum charge for our staff, services and facilities as there is a basic amount of our time, equipment and expertise which must be devoted to every type of arrangement that we provide.

If legal, cemetery, crematory or funeral home requirements mean that you must purchase any services or items which you may wish to exclude or did not specifically ask for, we will explain the reason why in writing on the funeral purchase agreement/statement we provide you, thus describing the funeral goods and services you selected and which you will be required to acknowledge and sign. This list does not contain the prices or charges for certain items you may ask for us to purchase or arrange for on your behalf, such as cemetery or crematory fees, flowers, newspaper notices, church or clergy charges, and the like. The charges for these items will be listed on the funeral purchase agreement/statement of account and you will be required to acknowledge and sign.

Our prices are based on a thorough analysis of our operating costs and are continually monitored to provide you with the highest standards of quality at a reasonable and affordable price. We invite you to compare and critique our facilities and pricing structure with other funeral homes in the area. In that comparison, we caution you to evaluate things like parking facilities, location, chapel and lounge areas, goods and services relative to the total overall price. And the merchandise you select should also be compared using the same criteria, i.e., the type, gauge or thickness and detailing of precious, semi-precious and metal caskets; the quality, craftsmanship and finish of fine hardwood caskets; the reinforced strength of concrete or concrete with inner steel lined outer burial vaults, etc. We feel confident that after a careful analysis, you will find that our funeral service establishment offers the highest commitment and standards to quality for the services we provide and the merchandise we sell.

The Janusz family has been serving families, as funeral directors, from the Calumet Region area, South and Southwest suburbs since 1971. We are committed to helping provide meaningful, as well as desired services at a time of need. Honesty, integrity and ethical standards are the hallmarks of our reputation and service to you.
