

WEEK OF THE YOUNG CHILD – PARENT NOTICE

Dear Parents/Guardians,

We are excited to celebrate **Week of the Young Child** from April 13th to April 17th! This special week is dedicated to recognizing the importance of early childhood education and celebrating our young learners.

Throughout the week, we have planned fun and engaging activities for the children:

Monday – Music & Movement Day

Children will enjoy singing, dancing, and exploring rhythm by constructing an instrument. Feel free to dress your child in fun or musical-themed attire!

Tuesday – Tasty Tuesday

We will explore healthy snacks and simple cooking activities. Students will learn to follow simple cooking instructions.

Wednesday – Work Together Wednesday

A day focused on teamwork and building friendships through group activities. Children will learn the value of working together by building a friendship chain.

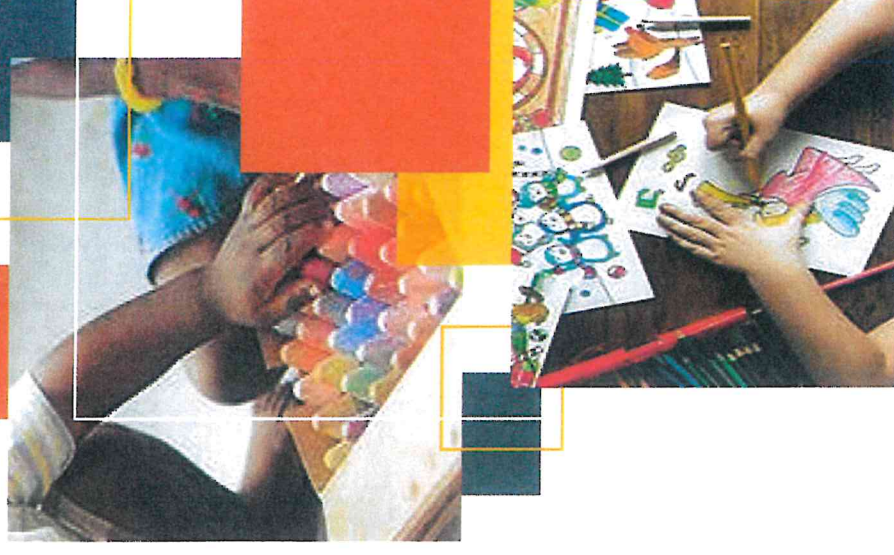

Thursday – Artsy Thursday

Creative expression through painting, drawing, and crafts. Dress for mess! Children will create a wonderful masterpiece on a canvas.

Friday – Family Friday

This is my School Family Friday!!! Each class will create a special family tree. Print out pictures of each student. Allow the children to place their own pictures on said tree. Teach the children about families and how they have a family in their classroom!

We look forward to a wonderful week filled with learning, laughter, and celebration. Thank you for your continued support!
