Discover Multi-Area Developments' master-planned community, perched on the Niagara Escarpment, across from 270 acres of spectacular conservation area. Enjoy our newest collection of Estate Styled Singles and Luxury Freehold towns with natural surroundings. The Luxury Freehold 2-storey towns range from 1700 -1810 Sq. Summit Park was designed with one goal in mind: to be Hamilton's most liveable community. To that end, we've worked to ensure that our homes not only meet the needs of various homeowners, but that the area in which they're situated has lots to offer as well. Here you'll find a charming, fifteen years in the making master-planned community filled with everything that's truly important to you and your family. New schools, parks, neighbourhood plazas, modern shopping centres and nature (within walking distance from the 270 acre Eramosa Karst Conservation area) is what residents get to enjoy and you can too! Minutes from major routes, this sought-after community puts everything you need within reach. Explore why Multi-Area continues to build a world of difference at Summit Park.
