Business Overview

The Aesthetic Experience is a luxury wellness and aesthetic clinic offering integrated medical aesthetics, skin treatments, and wellness services in a premium, spa-like setting for the Portland metro area. We were recently recognized as Best Weight Loss Clinic in Portland.

Services & Products

Medical Aesthetics: neuromodulators (Botox, Dysport), dermal fillers, microneedling, laser skin resurfacing, chemical peels

Wellness: IV nutrient therapy, vitamin injections, peptide therapy, medical weight loss programs

Retail: medical-grade skincare and supplements

Why the Pearl District

The Pearl District gave us the room to grow. We started in West Linn with just 3 treatment rooms, and the Pearl flagship at 1015 NW Lovejoy St expands our capacity to 11 rooms across both locations. The neighborhood's affluent population and strong health-and-wellness culture make it a natural fit for a luxury, integrated clinic like ours.

Our History

We opened in West Linn in 2021 and grew quickly. That growth drove the decision to open the Pearl District flagship, giving us room across all three departments – skin, aesthetics, and wellness – in one clinic.

What We Love About the Pearl District

What we love most about the Pearl District is its walkability and the energy of being right in the heart of the city – there's a vibrancy here you don't get everywhere. But what's meant the most to us is the community itself: from the moment we moved in, the other businesses in the neighborhood welcomed us with open arms, and that support has never let up. It's been one of the best parts of building here.
