St. Alexis is a community blessed by God with a diversity of cultures and languages. Celebrating that richness, we reach out to all, inviting them to gather at the table of the Lord as One People. In openness to the Gospel, we form ourselves as stewards of the Lord's gifts to create a community of faith that is unifying, supporting and nurturing.

# REPAIR OF THE SCHOOL BOILER / REPARACION EN LA CALDERA DE VAPOR DEL EDIFICIO ESCOLAR

# REPAIR OF THE HOT WATER PIPES / REPARAR LAS TUBERIAS DE AGUA CALIENTE

# DEAR SAINT ALEXIS COMMUNITY

*Dear San Alexis Community,*

*As you know, we are currently working on the repair of the school building's steam boiler. It has also been deemed necessary to carry out an additional repair on one of the pipes directly connected to the steam boiler, as it needs to be properly leveled.*

*Additionally, there is a need to repair one of the hot water pipes located in the girls' bathroom. This damage has existed for several years, and many of the pipes are very old and corroded.*

*To improve the efficiency of the heating system, it will be important to install a system of sensors throughout the building, including an outdoor thermostat, since currently we only have one thermostat, which is not sufficient.*

*In order to support these maintenance projects and ensure that the parish receives the best possible value, we will be holding a tamale and champurrado sale on Saturday, March 14, and Sunday, March 15, after all Masses.*

*We kindly ask for your support and participation! Every purchase will help us continue maintaining our school and parish in excellent condition.*

*With gratitude,  
Fr Jesus  
San Alexis Parish*

# ESTIMADA COMUNIDAD SAN ALEXIS

*Estimada Comunidad de San Alexis,*

*Les informamos que nos encontramos realizando trabajos de reparación en la caldera de vapor del edificio escolar. También se ha considerado necesario realizar una reparación adicional en una de las tuberías conectadas directamente a la caldera de vapor, ya que necesita estar correctamente anivelado.*

*Además, es necesario reparar una de las tuberías de agua caliente situadas en uno de los baños de la escuela. Este daño existe desde hace varios años, y muchas de las tuberías son muy antiguas y están oxidadas.*

*Para mejorar la eficiencia del sistema de calefacción, será importante instalar un sistema de sensores en todo el edificio, incluido un termostato exterior, ya que actualmente solo tenemos un termostato, lo cual no es suficiente.*

*Para apoyar estos proyectos de mantenimiento y garantizar que la parroquia reciba el mejor valor posible, llevaremos a cabo una venta de tamales y champurrado el sábado 14 de marzo y el domingo 15 de marzo, después de todas las misas.*

*¡Les pedimos amablemente su apoyo y participación! Cada compra nos ayudará a mantener nuestra escuela y parroquia en excelente estado.*

*Con gratitud,  
Padre Jesús  
Parroquia San Alexis*
