

## Cookies Policy

This website (our “Site”) uses cookies to distinguish you from other users of our Site. This helps us to provide you with a good experience when you browse our Site and also allows us to improve our Site. The information collected by our cookies, and any used by third parties, do not usually directly identify you, but can provide you with a more personalised web experience.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive. Some cookies are persistent cookies, which means that they are kept after you leave our Site to be used when you return and some cookies are session cookies, which means that they are deleted once your visit is completed and only used for that visit.

We use the following cookies:

- **Analytical/performance cookies.** These are cookies that allow us to recognise and count the number of visitors and to see how visitors move around our Site when they are using it. This helps us to improve the way our Site works, for example, by ensuring that users are finding what they are looking for easily.
- **Targeting cookies.** These cookies record your visit to our Site, the pages you have visited and the links you have followed. We will use this information to make our Site and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

You can find more information about the individual cookies we use and the purposes for which we use them in the ‘manage cookies’ and also opt out or amend your cookie settings.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies. To opt-out of a third party's use of cookies and behavioural advertising you must visit its website and follow its specified opt-out procedures.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our Site. Alternatively, you may wish to visit [www.aboutcookies.org](http://www.aboutcookies.org) or [www.allaboutcookies.org](http://www.allaboutcookies.org), which contains comprehensive information on how to do this on a wide variety of desktop browsers.
