

The Davidson County Democratic Women kicked off 2026 with strong momentum.

Our January meeting featured NFDW President Lovie West and TFDW President Glenda Whitfield, who provided valuable insight into how the federation operates from the national to the local level.

DCDW also filled a table at the IMF MLK Gala on January 15, supporting scholarships to HBCU students.

Since then, we have launched a monthly happy hour series highlighting women-owned businesses, in addition to our regular meetings featuring speakers from across Davidson County every fourth Thursday of each month.

In March, we partnered with the Davidson County Democratic Party to host a candidate forum that drew approximately 100 attendees and was also live-streamed to reach a broader audience.

Beyond these gatherings, we are expanding our programming to attract new members and engage our community. Upcoming events include a bowling tournament benefiting the National Association of Letter Carriers' Muscular Dystrophy campaign, a women's self-defense class in May, and a shared booth with the TNDP LGBTQ+ Caucus at Nashville Pride in June to register voters.

Each year, we also host three signature events: our July Picnic, our Woman of the Year celebration in October, and our Holiday Tea in December, which focuses on membership renewal. We are excited to continue building on this momentum and welcoming new members throughout the year.
