

Phenomenal Js LLC

MOBILITY AT IT'S FINEST

MOBILE NOTARY SERVICES CAPABILITY STATEMENT

Phenomenal Js LLC provides mobile notary services for businesses, transportation operations, dealerships, government agencies, organizations, and other clients requiring convenient on-site notarization. Based in Springfield, Massachusetts, Phenomenal Js brings the notarial process directly to workplaces, business locations, and other agreed-upon locations, helping clients complete documents requiring notarization without unnecessary travel.

Our mobile service combines professional document handling, signer identity verification, notarial procedures, and appointment coordination with 16 years of professional transportation experience and a service model built around mobility, reliability, and customer convenience.

Our mission is simple: bring professional notary services closer to the people and organizations that need them.

COMPANY OVERVIEW

Phenomenal Js LLC is a veteran, woman, and minority-owned mobile service company headquartered in Springfield, Massachusetts. We provide mobile notary services designed around the needs of businesses, government agencies, organizations, transportation operations, dealerships, and other clients.

Phenomenal Js brings notarial services directly to customers at workplaces, dealerships, offices, and other agreed-upon locations, reducing unnecessary travel while providing professional handling of documents requiring notarization.

Key Differentiators

Mobile Service Model

Phenomenal Js brings notary services directly to customers, helping businesses and individuals complete notarizations without unnecessary travel to another location.

Business & Dealership Experience

Experience providing recurring on-site notarization support in an automotive dealership environment, including documents associated with Massachusetts Registry of Motor Vehicles transactions.

Virtual Oath Administration Experience

Experience administering virtual oaths and swear-ins in support of legal proceedings, including efficient coordination of multiple participants.

Transportation & Mobile Operations Experience

16 years of professional transportation experience supports reliable scheduling, mobile service execution, customer communication, and travel to customer locations.
