- multi-site mega churches
- currently serving 1,000+ clients in all 50 states
- web-based platforms to deliver services to all
- clients

What Is Cloud Accounting?

- Leveraging software as a service (saAS) Platforms
- Creating efficiency through standardized workflows
- Ability to scale with ease
- Rransparency and visibility into your financial data
- Ability to segment information delivery
- Ability to collaborate using the same information
- Increase your bottom line for more ministry funds

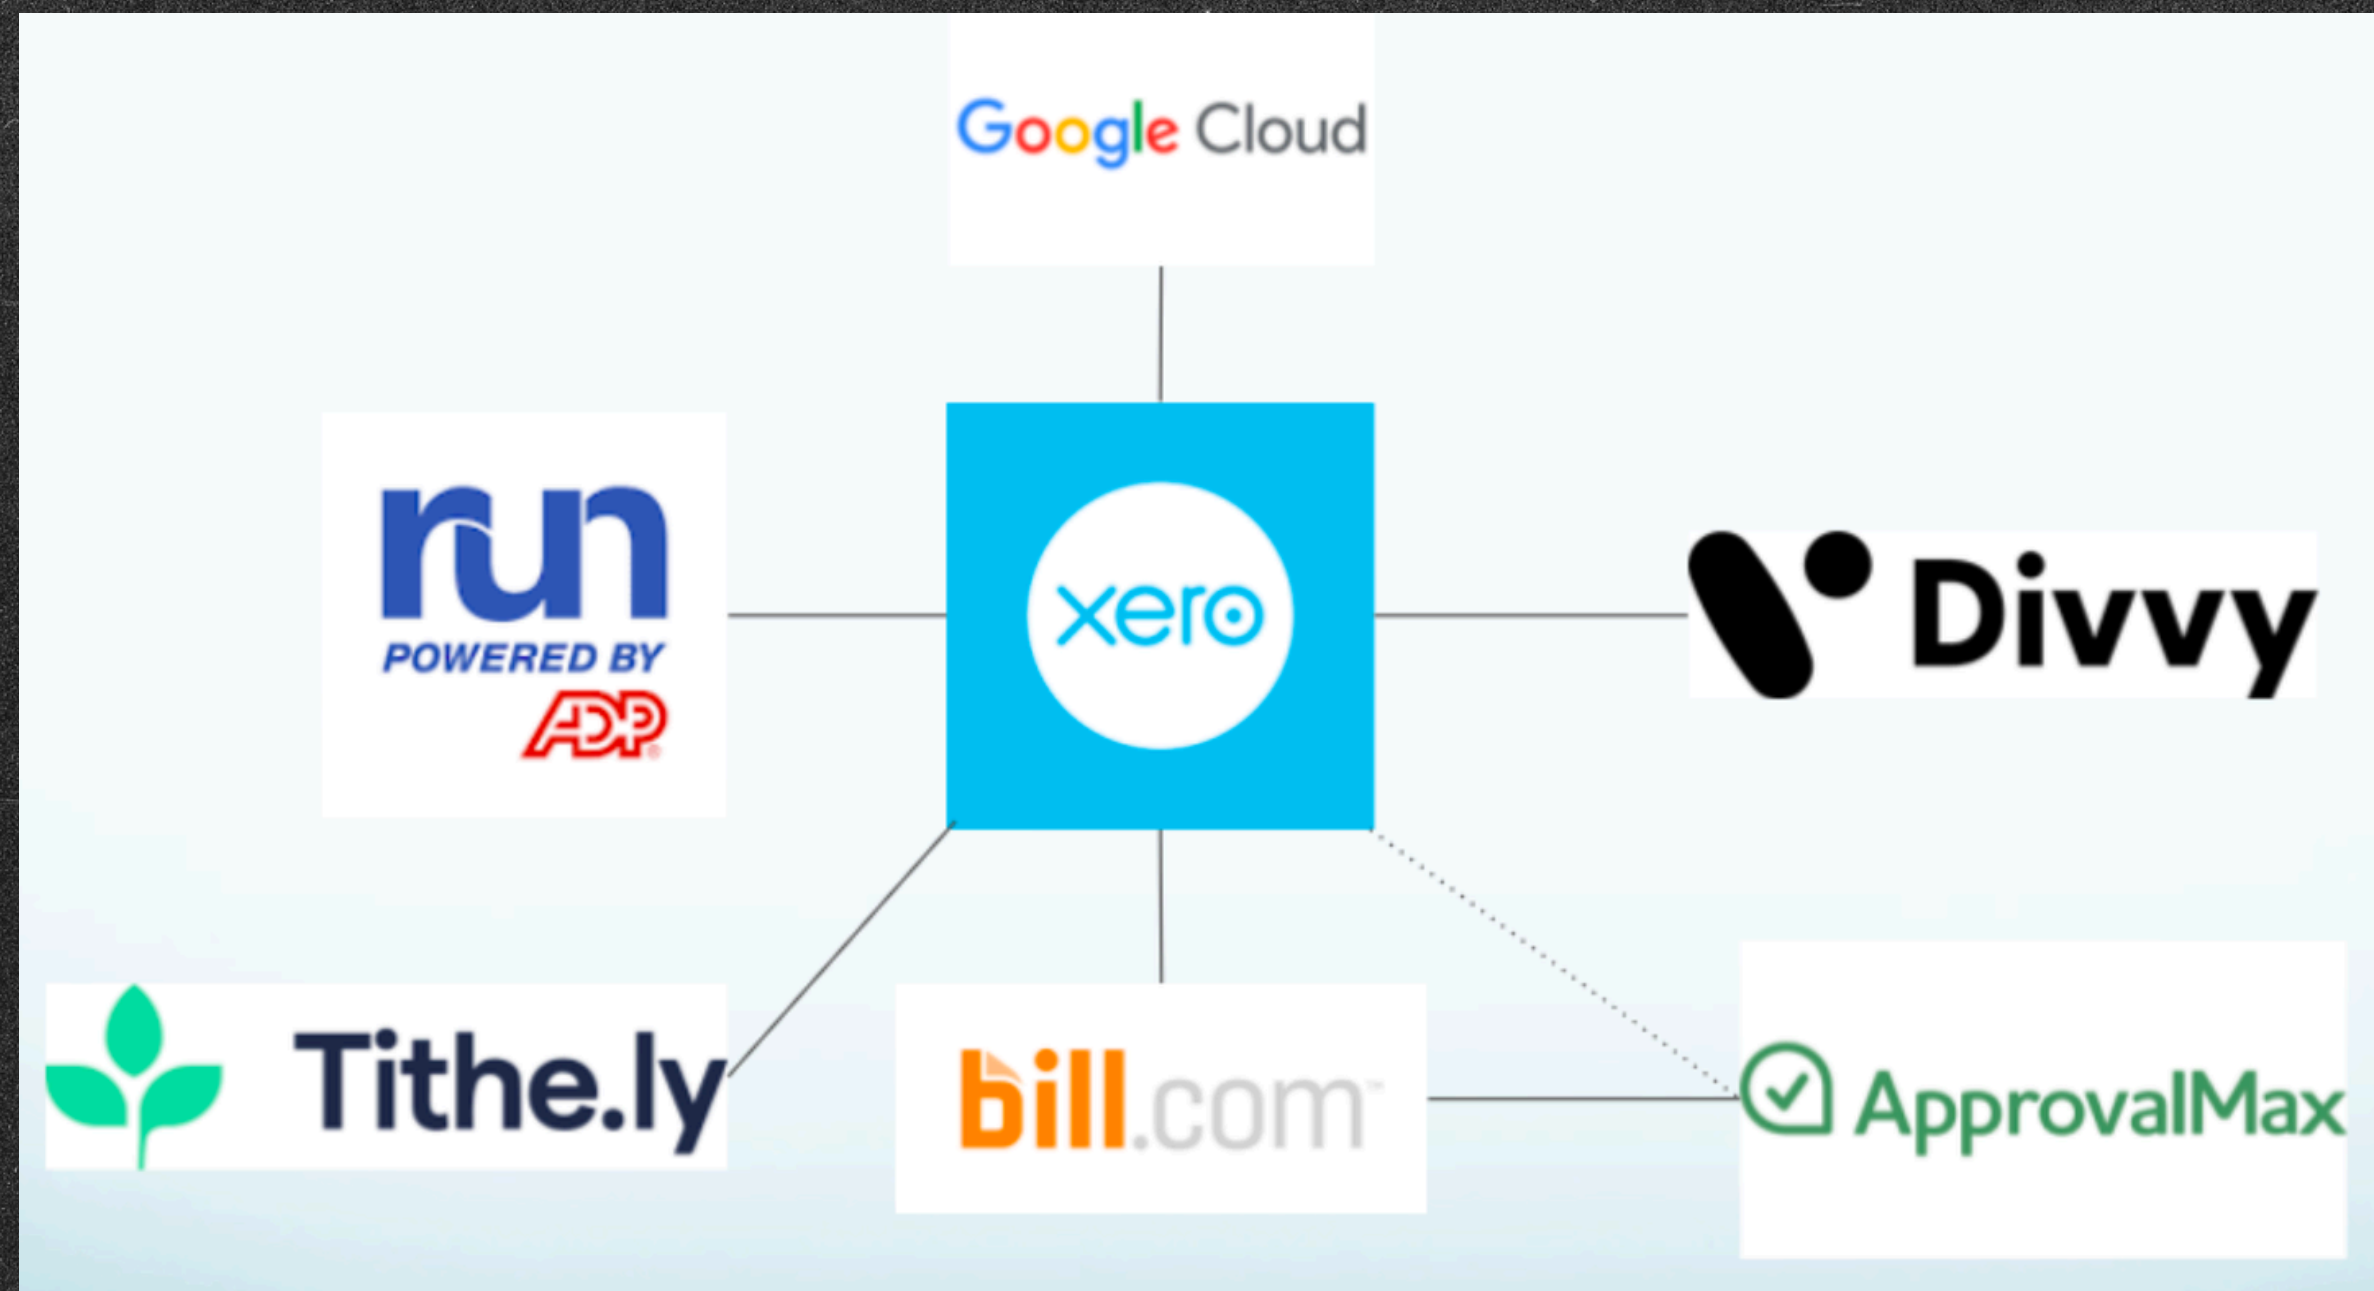

Challenges & Opportunities

- Information housed on a single computer
- Inefficient workflow
- Inability to scale as an organization grows
- Limited to no visibility into financial information
- Spending countless hours producing custom reports
- No ability to collaborate or get near real-time updates
- Decrease in productivity and higher administrative costs

Financial Reporting

- Google cloud
- Api connections with accounting, chms
- Automated
 - monthly dashboard
 - free cash report
 - budget vs actual reporting
 - accounts payable po/bills
 - income reconciliation
 - credit card reconciliations
 - journal entries
 - year-end audit process

Church Financial Tech Stack

Outsourced Accounting Benefits

- Save clients 30-50% more than in-house staff
- Complete financial management system
- CPA oversight
- Deep experience with faith-based vertical
- Dedicated account manager with support team
- Efficiency through proven technology

We believe in getting the right information to the right people at the right time so they can make the right decision.
