WHAT WE'RE LEARNING

Pioneers

We have been working on our community fundraising project and have researched charities and have chosen the RSPCA and the Epilepsy Association to raise money for. We have created items to sell at the family event on Friday 13th.

Discoverers

We have taken part in Nature Connection and learned about how we connect with nature and made models of things we love in nature. We have learned about sound and the ear in science.

Explorers

We have been learning about electricity and electrical circuits and how our electricity is generated. We have learnt how to make our sentences more exciting in English.

Founders

This term the Founders have enjoyed a trip out to Rhubarb Farm, exploring the farm and making dream catchers. Also, they have been working through a selection of poetry furthering their interpretation of the use imagery.

ACTIVITY FOCUS - RHUBARB FARM

Upper school went to Rhubarb Farm to learn about nature and how we are connected to it. They met animals of all kinds and made things with natural materials and finished the trip with some hot chocolate!

YOU SAID : WE DID

You asked for access to a therapy dog in enrichment time.

We introduced Mabel the cockerpool to enrichment time!

INTERNET SAFETY

Our focus this half term is setting up all those new devices that you got for Christmas in a safe way. Look at Class Dojo for a guide!
