Who We Are

The North Georgia Angel House is more than a shelter—it's a home filled with hope, healing, and second chances. Since opening in 2006, we've cared for over 1,900 young women ages 12–21, helping each find safety, stability, and confidence for the future. Guided by our motto, **“Giving Girls Roots and Giving Girls Wings,”** we provide roots through love and structure, and wings through education, opportunity, and empowerment.

Our private school, Saint Agnes Academy, is fully accredited through Cognia, offering each girl a personalized path to success. As a **certified Local Victim Assistance Program center** through the **Criminal Justice Coordinating Council**, we also serve survivors of human trafficking, helping them begin again with dignity and hope. As a licensed animal shelter, we pair youth and animals in care to foster compassion and healing.

Nationally accredited by **CARF** and ranked among the **top 1% of Child Caring Institutes in Georgia for over 15 years**, we remain devoted to helping every girl discover her purpose and the freedom to fly.
