

SHOWING INFORMATION & PROCEDURES

Step 1: Drive By the Property First

Before scheduling a showing, please drive by the listing to confirm you can locate the unit and feel comfortable with the neighborhood, amenities, and location.

Please be courteous: Do not disturb any current residents or neighbors while driving by.

Step 2: Schedule Your Appointment Online

Once you've driven by and are still interested, head to our website to book a showing:

www.westernpropertymanagement.net

1. Click Rental Availabilities
2. Choose the property you're interested in
3. Click Schedule Appointment
4. Pick the day and time of your choosing, and submit

You'll then be taken through a brief pre-screening to confirm you meet our basic rental requirements. These requirements are also listed directly in each rental advertisement description.

We strongly recommend that all prospective residents attend a showing in person to make sure the unit is the right fit before applying.

Step 3: Showing Availability

Appointment times depend on a unit's location and our team's schedule for that day. Showings typically take place:

9:00 AM – 4:00 PM, Monday through Friday
