Why a Monthly Fee?

At Design Wizards, our philosophy is small business success. Other companies may charge thousands of dollars for a website build, then leave business owners on their own when they have questions or need updates and changes. We take a different approach.

We build a monthly fee into your website package so we can properly maintain and update your site while you focus on what is most important: running your business.

Standard Website Monthly Fee Includes:

- Changes/updates
- Domain hosting & annual renewal
- Mobile optimization
- Secure hosting with SSL encryption
- Monthly traffic reporting
- Essential search engine optimization
- Ongoing maintenance & security updates
- Backend user access and training, if requested
- ADA Compliance

Advanced SEO Monthly Fee Includes:

- Everything in the Standard Website package
- Google Business Profile Optimization
- Local Listings Management
- Quarterly SEO Audits
