| | 15 Regatta Dr at Whidbey Ave |
| | 16 Regatta Dr at SE 10th Ave |

Island Transit’s on demand service is transportation when and where you need it. We provide riders with a flexible and convenient alternative to traditional transit. This new pilot program is currently only offered in Zone 3, previously known as Route 3. Additional on demand zones will be created as the year progresses. The service is intended to enhance fixed route services by providing more flexibility and frequency for riders in northwest Oak Harbor.

Request a ride easily using the app, website, or by phone, and we’ll pick you up and drop you off at marked stop locations within the service area. The ride may also be shared with other passengers, including paratransit, who are traveling in the same direction. This is a same day service – riders must provide at least two hours’ notice for pick-up (last reservation is 4pm for same day). Service is available 8am to 6pm. Riders may schedule in advance of the same day.

To book your trip - follow these simple steps:

Please note available transit stops marked on the Zone 3 map. These are the pick-up and drop off locations.

Must schedule at minimum two hours in advance (last reservation is 4pm for same day) – using the app, website link, or calling dispatch at 360-678-7771.

For additional information, how to catch a ride, and to download the app, please click on the QR code.
